Chief Miller offers village settlement

by DENISE ANN STRZALKA
Lakeland Newspapers

The Antioch Village Board postponed its decision on whether to accept or reject Police Chief Charles Miller's request for a suit settlement.

A suit was filed by Chief Miller against Mayor Robert Wilton and the village board for removing him from his position as police chief without a quorum.

Since the July 12 hearing date for the suit was continued to Aug. 6, Chief Miller's attorney, Charles Smith, proposed a settlement agreement for the board to consider.

Smith is asking for the village board to let the records show that the action taken against Chief Miller on June 25 was done without a quorum.

He is also requesting that the village permit an injunction against the board, in which the board would be unable to remove Miller from his position as police chief.

Another requirement, is for the village board to acknowledge that Miller has served as police chief since 1978 and the action taken against him did not interrupt his position, so he is able to receive all benefits until he resigns.

Finally, that the village pay a monetary settlement in the amount of \$2,500 to Miller and pay all the court costs and service fees which amount to \$165.

Trustee Ed Kozirowski was in favor of a motion to accept the settlement agreement, while Mayor Wilton and

Trustee Marilyn Shineflug choose the idea of postponing it until legal advisement could be sought. The motion was never seconded.

"I made the motion so we won't spend anymore time wasting the taxpayer's dollars," said Kozirowski.

Village Atty. Kenneth Clark informed

the board at Monday night's meeting that he was removing himself from the case and that he would sign a letter of substitution so another attorney could take his place.

The village board will not have its decision until it has an attorney study the proposed suit settlement.

Park district advisory board proposes tax rate

by DENISE ANN STRZALKA
Lakeland Newspapers

The Antioch Park Dist. Advisory Board has proposed that a 17.5-cents tax rate be levied if the referendum for a park district passes in November.

The tax rate would be approximately 17.5 cents per \$100 of assessed valuation for each homeowner.

Chairman of the Park District Advisory Board Tom Shaughnessy said, "An example would be, if the market value of a house was \$100,000, this would break down to a cost of \$58 a year that a resident would pay in taxes."

For operating purposes, the 17.5-cent tax rate is the maximum allowable tax rate, because a park district is limited to a tax in the corporate fund of 10 cents per \$100 of assessed valuation and a tax of 7.5 in the recreation fund.

The proposed tax rate will generate about a \$400,000 operational budget for the park district.

This figure was derived from information that was obtained from other area park districts on their operational costs and a breakdown on those costs.

"We are looking at 18 months down the road here. We don't want to give a figure to low and have to go back to the community for more money," said Shaughnessy.

The tax rate would not be effective until 1992. All parks districts must file for a tax levy by Dec. 12. The park district would not have enough time to make the deadline, since it would be going through the legalities of the transitional

stage in 1991.

If the referendum passes, the village parks department would have to wait until Nov. 13 to be certified as a park district to allow for those who might contest the referendum.

Then there is an eight-12 week process of tax levy mechanics, which is an internal budget. The village's park properties would then be transferred over to the park district.

Basically the park district's first year will be concerned with the operations of running a park district and maintaining the existing parks.

About 10 years ago an attempt was made to initiate a park district, but the referendum failed.

Shaughnessy said, "The election results were three to one. Those who initiated the idea of a park district thought it would pass on its own merit. They didn't put any effort into campaigning, because they went under the presumption that its a good idea, it will pass."

The advisory board's next step is to compile a fact sheet on the breakdown of the operational budget, so that residents will be able to see what their tax dollars will be spent on.

Shaughnessy and Kristine Murphy, the head of the informational sub-committee on the operational budget, will meet with Atty. Bob Rolek of the Round Lake Area Park Dist. to discuss the mechanics of responsibilities of the park commissioners after the formation of the park district. Rolek is the director for Round Lake's park district.

Maxwell street days to display merchandise

Maxwell Street days, sponsored through the retail division of the Antioch Chamber of Commerce, will be held July 26-29.

Retailers along Main St. and Lake St. will display their merchandise at discount prices to relieve their inventory of spring and summer stock.

Eager shoppers can plan to start

shopping between noon-9 p.m. on Thursday and Friday, 10 a.m.-9 p.m. on Saturday and noon-8 p.m. on Sunday.

Retailers are giving residents a shopping incentive. If shoppers buy a certain amount of merchandise, they are subject to receive tickets to a free ride at the carnival that is also be held next weekend.

It's fair time!

Once again, it is fair time for Lake County. This year's fair, which is July 25-29, promises to be one of the best ever, with an expected crowd of 180,000. Events scheduled for this year's fair include traditional pig races (above), tractor pulls, various exhibits, amusement rides, livestock shows, motocross races, the Miss Lake County pageant, the rodeo and the demolition derby. See the special Lake County Fair booklet inside.

Council sets guidelines for possible Rte. 53 expansion

by STEPHANIE ENGLE
Lakeland Newspapers

Although a new tollroad in central Lake County has only been proposed, the Corridor Planning Council for Central Lake County has taken action to minimize any harmful effects of the proposed road.

The council, comprised of 17 municipalities in Lake County and funded by IDOT, has adopted "Principles of Agreement" which is a set of collective intentions for development in the proposed Rte. 53 corridor area, which would extend from Lake-Cook Rd. north nearly to Rte. 120, then east to the Tri-State Tollway.

The Corridor Planning Council was organized by the Northeastern Illinois Planning Commission (NIPC) as a means of assuring that the affected local governments have a greater impact on decisions related to overall development for this rapidly growing area whether or not a road is built.

"This council is not about building a road. It is concerned with environmental safety in the area regardless of a new road because this area is so rapidly expanding," said Alexandra Radtke of NIPC.

As a matter of fact, the road has been the subject of substantial disagreements with Lake County. The council has simply agreed on principals that would guide overall development, conduct an Environmental Impact Statement, and any subsequent construction activities in central Lake County.

The council was formed a year and a half ago after the NIPC developed a 2010 Transportation Plan which discussed various improvements for existing roads

as well as plans for future roads by the year 2010. Over 550 people attended this planning meeting and voiced their concerns.

"We can't ignore these residents' concerns," Radtke said. "The 32 commissioners on the NIPC felt this council was necessary because they said the villages involved in a possible Rte. 53 expansion should have some input."

The council has worked 13 months on formulating these principles and will continue working on them for another six months.

The principles outlined general guidelines that provided for environmental safety, legal aspects of building a new road and the villages' roles in preserving the environment whether or not the road is built.

If it is decided that the road is to be built, however, the Illinois State Toll Highway Authority, which would be named the road-building agency, has announced it intends to work closely with the council.

Council Chairman and NIPC Commissioner Charlie Thurston said, "The agreement marked a significant milestone. I was pleased with the spirit of cooperation in the face of this controversial project."

Now that this agreement, or set of principles, has been set, the council will present the agreement to the village boards and seek ratification.

If the villages ratify the agreement, the council will then be asked to enter into formal intergovernmental agreements and to develop ordinances and standards which will implement the broad principles.

"We would like to see all the villages

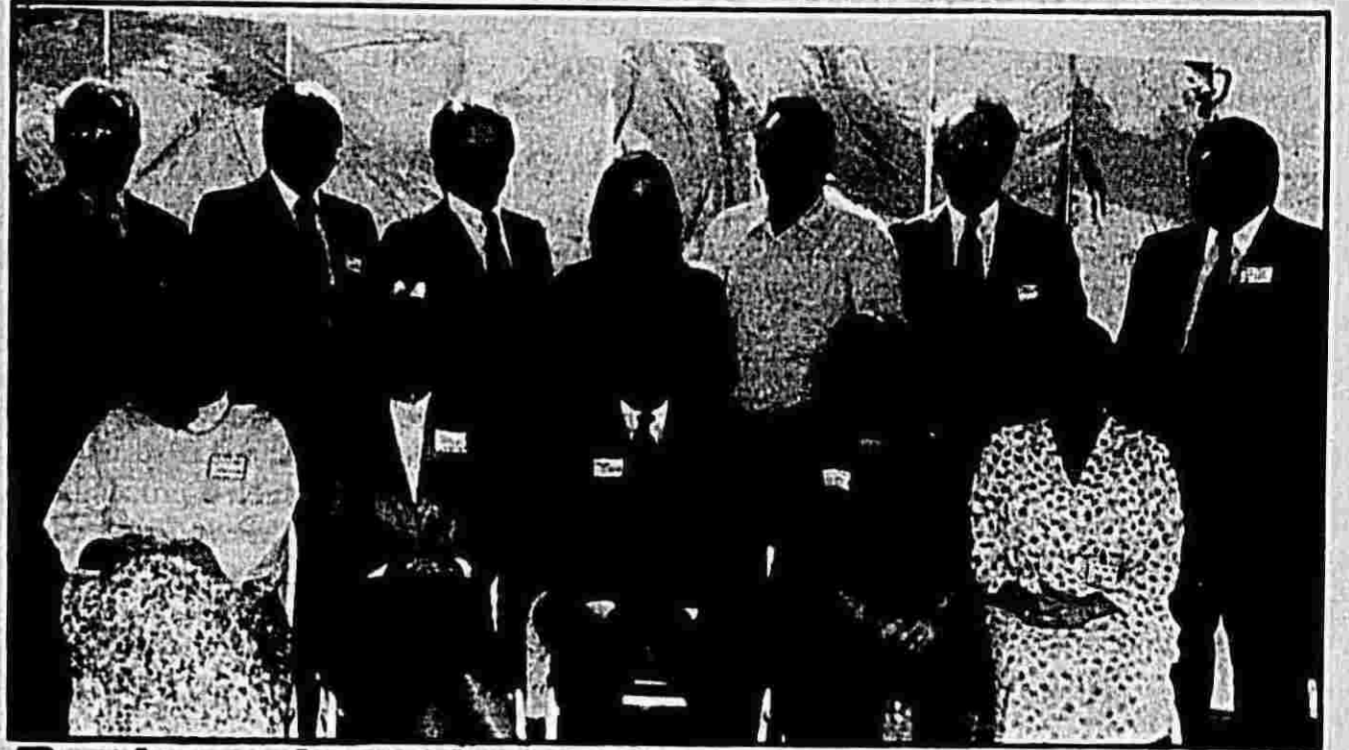

okay the agreement because we would like everyone to work together on this. This is a one-of-a-kind council in the nation and we would like it to benefit everyone," Radtke said.

Radtke added the council hopes to have ratification by the villages by September or October of this year.

If the agreement is ratified by the municipalities, more meetings, in addition to the regularly scheduled meetings, may

have to be held in order to work out the intergovernmental agreements, according to Radtke.

The members of the Corridor Planning Council for Central Lake County include Buffalo Grove, Deer Park, Grayslake, Gurnee, Hainesville, Hawthorn Woods, Indian Creek, Kildeer, Lake Zurich, Libertyville, Long Grove, Mundelein, Palatine, Round Lake Park, Third Lake, Wauconda, Waukegan and Lake County.

Realtors host breakfast

Realty World Tiffany's two offices, Antioch and Round Lake Heights, hosted a breakfast meeting at Steamboat Willie's Restaurant (formerly the Landmark) to introduce their newly-published Home Buyers Guide. Seated (from left): Elizabeth Ebert and Jill DePasquale, Lakeland Newspapers; broker Wayne Sobczak; Diane Bohnen of Rainbow International Dyeing and Cleaning; and Sue Skjordahl of the Family Health Center-Round Lake and Condell Medical Center. Standing (from left): Attorney Jordan Primack; Attorney Daniel Venturi; Bob Kennedy of CTX Mortgage; Diane Higgins and Bill Beadle of B & G Movers; Roger Sorensen of Sorensen Insurance; and Bruce Briesch of Real Estate Publishing.

THE LAST WORD IN SAVINGS

"Never, Never, Never Quit"

These words were spoken by a man who knew well the struggles of dealing with tough emotional problems. His manic-depression forced him to fight against severe mood swings, making it difficult for him to cope with everyday realities, let alone a very stressful and challenging job. Yet, he never gave up. He never let his illness stand in the way of his potential for tremendous personal growth. His name was Winston Churchill.

At Victory Memorial Hospital's Mental Health Unit, we believe that every individual has the potential for tremendous personal growth. A time of crisis can also be a time of opportunity. It's our job to help people understand and take full

advantage of these opportunities when they occur.

Rather than rely heavily on medication, our program seeks to guide patients back to health through one-on-one lessons in how to deal with life's tensions. Patients participate in individual counseling, group therapy, relaxation training, stress management and family counseling. We believe this problem-solving approach to emotional problems helps ensure that our patients will remain healthy.

If you or someone you love is struggling with a tough personal problem, remember, "Never, never, never quit." Instead, reach out for help. Call the Victory Memorial Hospital Mental Health Unit at (708) 360-4082.

Lakeland Newspapers Lake County At A Glance

Tells complaints

NORTH CHICAGO—Resident Virginia Ford gave the North Chicago Dist. 187 Board of Education a list of complaints at the school board meeting Monday, and Supt. Charles Thomas responded in detail to most of them. Ford said the complaints were from citizens of North Chicago and were being sent to the NAACP and the office of Lake County Regional Supt. of Schools Sybil Yastrow.

\$40 pool tax impact

LIBERTYVILLE—Voters may be asked on the November ballot to approve a \$2.5 million referendum for a new Adler Park pool. This puts the improvement in the hands of those who use it, Mayor JoAnn Eckmann said. Such a tax or an alternate method of financing via general obligation bonds and a 10-cent increase in the recreation tax to 65 cents will result in a \$40 per year increase in the tax bill for the owner of a \$150,000 home.

Command change

GREAT LAKES—Great Lakes Naval Training Center will host a change-of-command ceremony on July 25. Rear Admiral James W. Partington will relieve Rear Admiral John L. Calhoun as commander at Great Lakes at a 2 p.m. ceremony at Ross Field.

Land use OK

VERNON HILLS—The Vernon Hills Village Board gave a developer a go-ahead on a land-use plan but with several strings attached. Meeting as a committee of-the-whole, the board approved the land use plan by a 4-1 vote for the second phase of the first unit for United Development's Hawthorn Club subdivision. Trustee Alvin Israel cast the negative vote. The full board could consider the plan when it meets Aug. 7.

Gurnee wins battle

GURNEE—The Village of Gurnee has won the latest round in its battle with Lake County over sewer service for annexed property west of Hunt Club Rd. and east of Rte. 45, but Village Atty. Barbara Rominski is not ready to crow about it yet. In court action last week, the county's request for a declaratory judgment was "Dismissed without prejudice, which means they had until 5 p.m. today (Monday) to file an amended complaint," Rominski said at the Gurnee Village Board meeting. Atty. John Sloan, representing Lexington, said the county filed an amended request.

Hearing for officer

MUNDELEIN—Police officer William Jagielnik, who resigned last year after 17 years with the police department, faces a hearing before the Mundelein Pension Board. Judge Stephen Walter ruled a hearing must be held despite an argument by Jagielnik's attorney that his stress disability did not require such a proceeding. Village Atty. Charles Marino argued a hearing must be held to determine the officer's disability.

Summerfest set

GRANDWOOD PARK—The Grandwood Park Civic Assn. and the Grandwood Park Park Dist. will be presenting the annual Summerfest celebration Aug. 3 and 4 at Grandwood Park.

Add one well

LAKE ZURICH—In an effort to improve the village's water system, Lake Zurich village trustees authorized Public Works Director Dave Talbott to proceed with plans to build Well No. 11 on the village's north side. Also, he will work with the consulting engineers from Alvord, Burdick and Howson, of Chicago, to install 12-inch and 16-inch on the northwest side of town. These improvements are part of a long-range plan which includes adding four wells to improve water pressure and storage capability through the year 2020. Trustees also approved to spend no more than \$10,000 for a hydrologist from AB & H to review problems with Well No. 10, which is not operational yet. It has persistent bacteria and a sulfur smell, despite efforts to get rid of the problem, Talbott said.

Clean-up questions

ROUND LAKE BEACH—There has since been no work done since July 16 on a municipal parking lot where the village removed two underground gasoline storage tanks. Work may have been halted to assess the amount of work remaining, but reports indicate that work was halted due to the uncertainty of reimbursement from the state for work already completed, as well as work yet to be done. Schrimpf said that both points of view were correct. The state has agreed to reimburse the village for any payments over \$50,000 for the cleanup of a gasoline leak where the storage tanks had been located, but it is unclear whether the full amount needed to pay for the cleanup will be available.

Recycling booms

LINDENHURST—The Village of Lindenhurst's new curbside recycling program has seen an 87 percent participa-

tion rate since it began on July 1. Lindenhurst board members and Jensen Disposal, which has the contract for pickup in Lindenhurst, both attribute the high rate to an active community and carry-over from the old recycling center at the village hall.

Acquisition blocked

GRAYSLAKE—The Village of Grayslake has accepted a 10 ft. wide strip of property adjacent to the Epstein Chesapeake Farms property, breaking the Forest Preserve's contiguity and frustrating their bid to acquire the 80 acre property. Grayslake has an agreement with the Pulte Corp., to build 837 units on a total of 252 acres, including the Epstein Chesapeake Farms Property, which is located between Rte. 83 and Drury Lane. The developer has agreed to pay \$3,462,900 in impact fees to Grayslake area taxing bodies in addition to paying acquisition costs for purchases of the land.

SAMP to study boating impact on Chain O'Lakes

by BECKY JOHNS
Lakeland Newspapers

The Chain O'Lakes Fox River Waterway Strategic Area Management Plan Steering Committee (SAMP) has begun a boating impact study on the Chain O'Lakes.

"We're trying to set up parameters for counting," said SAMP Chairman John Reindl. The impact study will include the number of boats on the Chain, the heaviest traffic area, and the areas that need no-wake zones and speed limits.

"It could be used for several different purposes. One, as guidelines for construction in the waterways," said Karen Kabbes of the Illinois Dept. of Transportation (IDOT) Div. of Water Resources. Kabbes also serves on the SAMP steering committee.

"Of course the water quality is a concern," said Reindl.

Kabbes said other possible uses for the study include guidelines for developing new marinas and launch ramps, boater safety guidelines and areas of heavy boater conflict.

"One act that SAMP has proposed to undertake in its first year is a list of boating guidelines," said Kabbes. "These could

possibly be used for regulations."

Formed last December, SAMP was formed for managing development and the impact of development, protection of resources, safer boating and recreation, and comprehensive planning along waterways for the entire Chain O'Lakes, according to Phil Peters of the Northern Illinois Planning Commission (NIPC), which was hired as technical director to the steering committee.

Members of the committee include Lake and McHenry counties, the Chain O'Lakes-Fox River Waterway Management Agency, the U.S. Army Corps of Engineers, IDOT's Div. of Water Resources, and representatives from both counties' municipal leagues.

"We drew up an inter-agency agreement identifying a dozen different tasks taken on by the project. Then all the participating organizations signed on," said Peters.

Kabbes said SAMP members are starting a pilot boating impact study and further information will be gathered as funds are available.

"I don't know if the entire study can be done with the resources available to SAMP," said Kabbes.

Loon Lake residents call for solution to water level

by DENISE ANN STRZALKA
Lakeland Newspapers

Loon Lake residents are calling upon the Village of Antioch for a permanent solution to their lake's decreasing water level problem.

At Monday night's village board meeting, homeowners along Loon Lake expressed the idea that the dam at Sequoit Creek is a contributing factor to the decreasing water level.

According to Village Adm. Tim Wells, in 1978 the dam was to be installed on Memorial Day and to be removed on Labor Day for unknown reasons.

However, the dam wasn't removed until the county experienced the flood of 1987. The dam was blocking the storm waters from flowing into storm sewer lines on the south side of Antioch.

Another factor contributing to the removal of the dam was the death of an Antioch resident at Sequoit Creek, which for insurance purposes, also caused the mill's wheel to cease operating.

According to John Bambule, president of the Loon Lake Mgmt. Assc., in 1987 the water level was down one foot, half from its normal level, even with all the rainfall.

"Is the omission of the dam correlated with the low water condition?" asked Bambule.

An angry resident on the east side of Loon Lake stated the low water level has caused the seaweed to grow above the water level and produce a swamp like smell of decaying vegetation. He urged the board to take immediate action in reinstalling the dam.

Apparently, there was no control over the water level in Loon Lake before the dam. During the 1940's up until the 1960's the water just eroded away in Sequoit Creek, and there was no need for a dam.

Wells and Trustee Marilyn Shineflug are currently investigating the elevation of the dam versus the lake and the depth and height of the dam. All are determining factors in the decision of whether the dam has any control over Loon Lake's water level.

Bambule said he was told he would have some kind of an answer to him by next week Thursday or Friday.

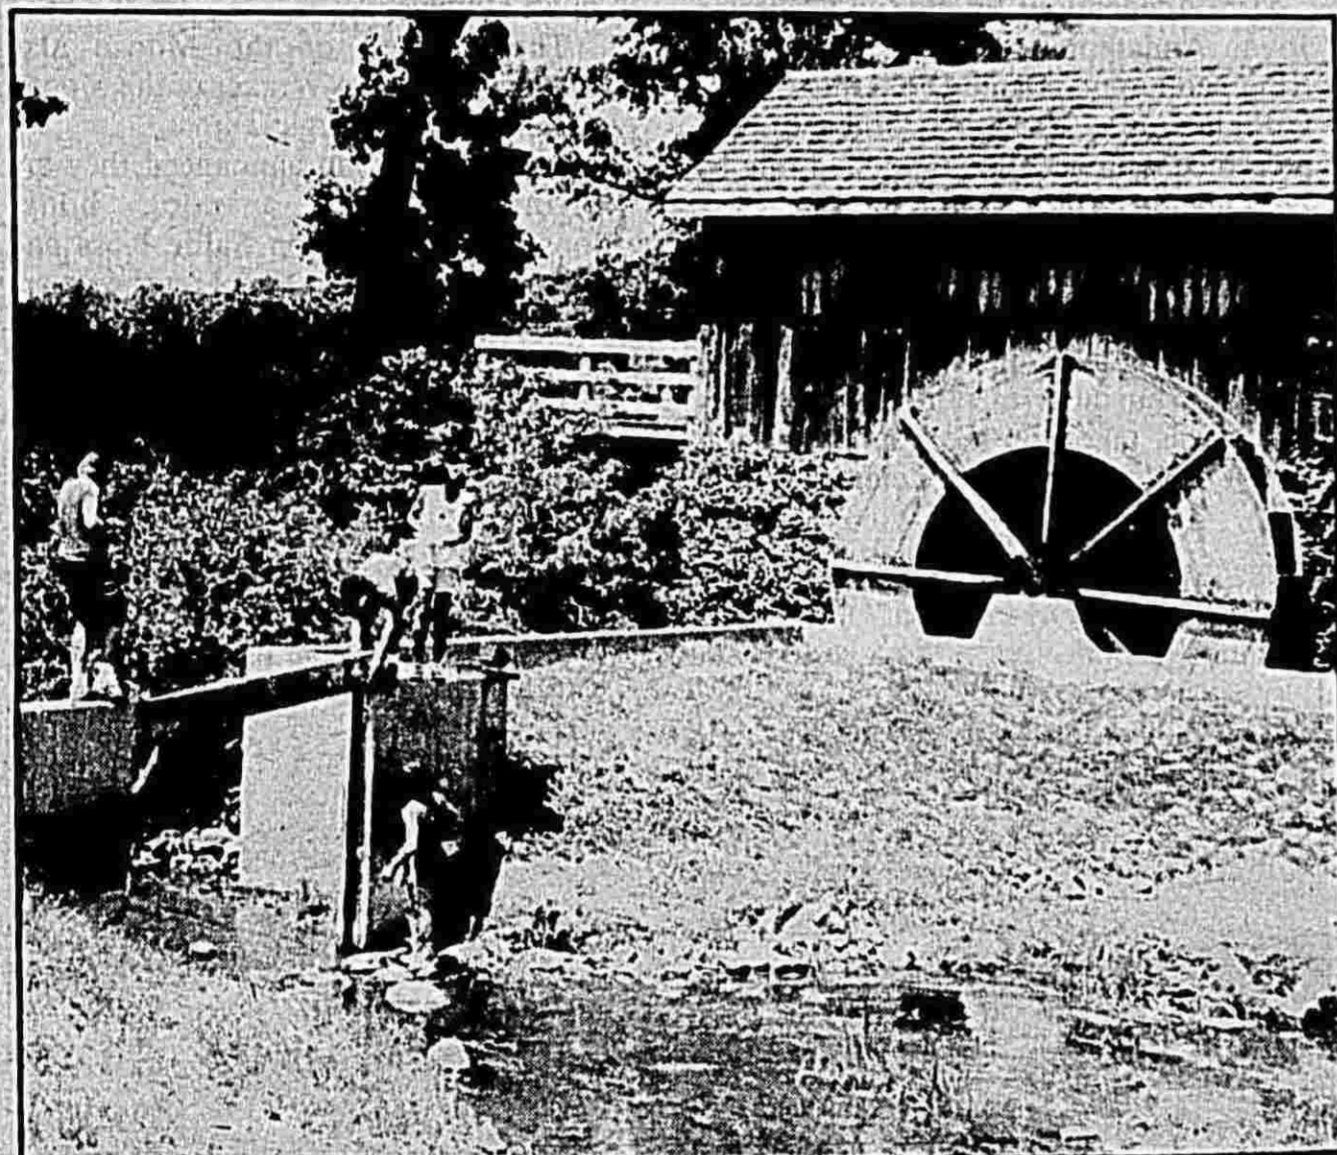

If the dam has been a contributing factor to the lake's water level, the village may have a problem complying with the residents' requests for reinstallation of the dam.

According to the village attorney, reinstalling the dam may be illegal since the dam was dedicated to the village in 1978. There may be some legal stipulations the village may have to follow.

The village attorney did comment that if the dam benefits residents in the village and doesn't harm them, than legalities won't come into play.

Monday afternoon, prior to the board meeting, the Antioch Public Works Dept. had begun installing the dam, but did not complete it. Wells said he did not authorize any work to be done over at Sequoit Creek.

An employee of the Public Works Dept. said the dam was partially installed to spruce up the appearance of the creek.

Temporary dam

At Sequoit Creek Monday, prior to the village board meeting where Loon Lake residents were asking that the dam be reinstalled, the Public Works Department partially installed the dam to spruce up the appearance of the creek.—Photo by Denise Ann Strzalka.

Fire district to purchase new fire safety equipment

Antioch Fire Dist. officials have approved purchasing new equipment for the fire department.

The Village of Antioch and the fire district have agreed to split the costs of the equipment. Both will be paying 50 percent.

Of the 13 items the fire district proposed, two have been scheduled to be budgeted over a three-year period.

One of the items is a large diameter hose running a 1,000 feet long. Its cost is estimated at \$5,000.

The other item is a 24-inch hurst tool, which is a prying device. Its cost is also in the range of \$5,000.

The fire district will be setting aside \$1,500 a year, over the next three years,

for the purchase of these two items of equipment.

An interesting safety device being purchased is the alert horn for an air pack. This device is attached to an air pack which is worn by a fireman, which sets off an alarm if a fireman is in danger of smoke inhalation or being trapped in a burning building.

The alarm is triggered by no arm movement within a certain period of time. To disengage the alarm all that a fireman would have to do is to make some kind of movement with his arm.

The Fire Fighters Assc. will also be purchasing equipment such as two cameras for fire prevention, cabinets, air bags, two jug-a-lights and turn out gear lockers.

Tabar appointed superintendent

Antioch's Emmons School Dist. 33 has appointed Matt Tabar, former principal of B.J. Hooper School in Lindenhurst, to the position of superintendent.

"Emmons School Dist. 33 has a fine reputation and I'm excited to be involved in the district. I think the board and I will work well together. This is the right spot for me. It's where my beliefs are," said Tabar.

Tabar, who will be replacing Jill Ballock who resigned last March will, enter into into the superintendent's position effective Aug. 1.

Out of 50 candidates, the school board unanimously chose Tabar, who had been the principal at B.J. Hooper for six years, to fill the superintendent's position.

"I had been working on gaining superintendent certification, because this has always been my career aspiration.

Being superintendent, I would like to make some changes in the educational system," said Tabar.

Matt Tabar

Briefs

Resignations

Antioch's Village Board accepted the resignation of Village Clerk Sara Lehn, who is unable to hold the position due to personal reasons. Lehn will remain village clerk until July 31.

Salary increase

Antioch's Village Board agreed to increase the village clerk's salary from \$2,500 to \$3,500 a year. An additional \$1,000 remains to be applied to the position of deputy clerk, if the village clerk decides the additional assistance is necessary.

Pet licenses

The Village of Antioch accepted Lake County's Animal Control agreement, at Monday's night's board meeting. Residents are expected to pay \$7 for a year or \$16 for three years for a cat or dog license for a non-neutered/non-spayed animal or \$4 a year or \$8 for three years for a neutered or spayed cat or dog.

Hydrant flushing

Antioch's Public Works Dept. is flushing fire hydrants for the next two to three weeks. The program began Thursday.

Resignation

Antioch Fire Dept. accepted the resignation of Asst. Chief of Fire Prevention Wayne Parthun, who is moving to Des Plaines to hold a full-time position on the Fire Prevention Bureau at North Main Fire Dept. at the July 10 meeting. Parthun stated in his letter that he was contemplating resigning since October, 1989.

Tag day

The Lake County Unit of American Cancer Society will hold its annual tag day in Antioch Friday and Saturday, July 27 and 28. Tagging hours are between 9 a.m. to 7 p.m. on Friday and 9 a.m. to 5 p.m. on Saturday. Mary Hallett will be in charge of the days events and Florence Babusek, assistant vice-president and director of marketing at the State Bank of Antioch, will distribute and receive the tag day cans.

Candid camera

Antioch's mayor, Robert Wilton will be aired on television Tuesday, July 24 and Thursday, July 26 on channel 3 at 6 p.m. on both days. Mayor Wilton will be interviewed on the Forum Show hosted by Fritz Sorensen, on Lake County's cable channel.

Meeting

The Antioch Women's Aglow Fellowship will be holding its next general meeting on Thursday, Aug. 2 at 7:15 p.m. at the State Bank of Antioch in the Community Room. The guest speaker will be Betty Klehm.

Policy

Antioch Twp. adopted a personnel policy for township employees at its last board meeting. Employees will be entitled to vacation time, holidays, sick leave, and pension fund.

Bid acceptance

At its last board meeting, Antioch Twp. approved Devery Liberty Engineering's bid of \$13,700 for drainage into East Loon Lake. The amount of the bid will be taken from the township's commercial grant fund.

Residents to follow recycling guidelines

Antioch's recycling program, which is starting sometime in August, has only a few guidelines to follow.

Residents will be able to disperse their aluminum cans and glass bottles at the Drop Off Center next to Williams Park.

There will be designated containers for the aluminum cans, clear glass bottles and

colored glass bottles. Residents are being asked to organize their recycling items and properly place them in their correct containers.

Before emptying glass bottles in the containers, all plastic caps and rings must be removed. Labels do not have to be torn off.

No official date has been set for the program to begin. The area is still being set up and the village is also waiting for the containers from Chicago Surplus.

"The drop-off recycling program was

initiated to get residents within the community immediately involved in recycling. Eventually, residents will have a pick-up program," said Mary Czapiewski, chairman of the recycling program.

Women's Golf league awards June prizes

The State Bank of Antioch Women's Golf League enjoyed its golf luncheon at Spring Valley Country Club.

Prizes were given for June 5 Golf for Best Pokrhand to Trudy Anderson, Joan Lichter, Doris Mittelheuser and Dolores Abderholden. Litcher also won a prize for her Chip-In on hole 14.

Prizes were given for June 12 Golf for Low Net to Dolly Clark, Lorraine Hitchon, Lois Ginter, Marge Warner and Chris Berles. Prizes also were

given for June 19 Golf for Net less two worse holes to Lorraine Blackman, Jan Kennedy, Henrietta Albergo, Florence Pedersen

and Jan Hagstrom. Prizes for Chip-Ins went to Del Scarpelli for holes 14 and 18 and to Jean Stanley for hole 16.

Golf Fun Day was held July 19 at the Antioch Golf Course, and the next golf luncheon will be July 31 at Spring Valley Country Club.

Woman of the Moose enroll candidates, plan cook book

The Women of the Moose of Antioch held a membership committee chapter night this month to discuss new membership and upcoming activities.

The members of the membership committee, Chairman Julie Brundage, Ann Barone, Veronica Gulbeck, Anita Carter and Irene Brylinke, discussed reenrollment of candidate Janice Fenski, who was sponsored by Jerri Polson.

Also, Academy of Friendship Chairman Joyce Anderson conducted the Golden Ring ceremony. Candidate Anita Carter, with her aide Veronica Gulbeck, was presented with her Blue Heart and ring by Presentation Officer Ruth Rynders.

An all committee meeting was also held and directed by Senior Regent Sandi Grube to plan the yearly calendar of Chapter fund raisers and monthly meetings.

At the business meeting, a favorable ballot was taken on the applications of Kim Porlanski; Mary Jo Zeien; Kathryn

Rogers; Marlene Miller; Barbara Bjork, sponsored by Louise Gutowski; Marilyn Jesson; Carol McMahon; Anita Schultz, sponsored by Mavis Dingsdale; Ora Moeller, sponsored by Ruth Gussarson; Margaret Tsuha; Carole Stanczak, sponsored by Millie Lombardo; Jean Brenner, sponsored by Mary Rockow; Sandra Hansen, sponsored by Hope Coomes; and Sandy Rose, sponsored by Louise Gutowski.

The Women of the Moose also announced their Co-Worker of the Month, Jr. Grad. Regent Margie Turner.

Finally, the group announced they are putting together a cook book. Moosehaven Chairman Sallie Koss and Mooseheart Chairman Fran Lomabardo are combining their talents and committees to assemble all the recipes from the members' favorites. The cook book is in the planning stages right now and now finishing date has been set.

Condominium complex to pop up in Antioch

by DENISE ANN STRZALKA
Lakeland Newspapers

Antioch may see another residential subdivision if the developer has the property zoned for a Public Unit Development (PUD) and receives the plan commission's approval for development.

Jim Sayner, the developer of Lake Barrington Shores, proposed to the village board Monday night, an 18-unit condominium complex, called Edgewater, on 2.9 acres of land west of the bowling alley off of Rte. 173.

"It sure would be an improvement to what is there now," said Mayor Robert Wilton.

There would be over and under units, each with a master bedroom, master bath and formal dining room. Also, each unit would have a two car-garage plus three parking spots in the parking lot. Boat docks would be another added luxury available to residents. The entire complex would be fenced in, serving as a separate entity.

The Army Corp of Engineers has already approved the property outside the wetlands to be filled. The degree of approval has not been verified just yet.

The only reservations board members had was with the zoning and real estate of the property.

Trustees wanted to be reassured that the property would not be zoned R5, which is multi-family units such as apartments.

"We are over saturated with R5's," said Mayor Wilton.

The board was concerned that if the condo complex was zoned for multi-family units, and was sold to another real estate developer, the individual owners would sell their units changing the complex into apartments.

Sayner guaranteed the development would remain condo and he would take the route of PUD zoning.

Sayner's next step will be to go before the plan commission to gain its approval for development.

Donating for memory

Antioch's Tuesday Evening Bridge Group, which has been in existence for 25 years, will donate a book to the Antioch Library in memory of Betty Meyer, who passed away on June 29 at age 67. Meyer was a former member and past secretary of the Antioch Community High School Board of Education for 17 years, past-president of the Antioch Chamber of Commerce and she was the columnist with Lakeland Newspapers for 10 years. She had lived in Antioch since 1942.

Off to Magic Waters

The annual mid-summer Magic Waters trip for Girl Scouts from Grass Lake, Emmons, Millburn and Antioch schools will be July 25. Because of a generous donation offered by dentist Dr. R.T. Sven, bus transportation is offered at \$3 a person.

Moving up

Victory Memorial Hospital has announced the advancement of R.N. Jo Beattie of Antioch, to the newly created level of Clinical Nurse IV. The Clinical Ladders program at Victory Hospital is designed to promote excellence in nursing care and professional growth. Beattie works on the Oncology Unit and has been associated with Victory Hospital since February, 1983.

Completes

Airman Raymond A. Gardin has graduated from Air Force basic training at Lackland Air Force Base, Tex. He is the son of Virginia Gross, Antioch, and Don Gardin, Wis. and a 1989 graduate of Antioch Community High School.

Strang Funeral Home of Antioch

Liz loves a parade, especially on holiday

by LIZ SCHMEHL
(708)395-5380
Parade Time

As you read this column week after week, you will eventually become familiar with some of the things the Lizard enjoys doing. In case you need reminding, one of my favorite activities is to take in a parade in downtown Antioch. In turn I enjoy giving all of you my "bird's eye view" of what I saw. In my opinion, July 4 was a beautiful day for a parade with the weather hot and sunny.

However, it may have been a little too warm for the Teenage Mutant Ninja Turtle riding on the Antioch Drug Task Force float. Also the Moose Lodge McGruff Safety dog looked like he was panting from the heat. The three judges, Maribeth Lahey, Donna Schmehl and Denise Stralka began to wilt a little as they sat atop the bed of village work truck making notes of the 69 entries that passed before them. When they tallied their results, Oakwood Knolls Assn. won for the Best Overall entry; Bernies received the Best Business entry; Prime Time was the Most Creative; and the Antioch Drug Task Force float was voted the Prettiest with three trees representing the three communities of Antioch, Lake Villa and Lindenhurst pulling together to help combat drugs in our communities.

The volunteer rescue and

fire departments were well represented with participants from Wilmet, Salem, Randall, Twin Lakes, Trevor, Silver Lake, Winthrop Harbor, Lake Villa, Fox Lake and Antioch... Friends of the Antioch Park Dist. were on hand passing out park district literature and seeking signatures on petitions to have the park district issue on the ballot for the November election. I understand they had overwhelming response and ended up with over 500 signatures on the petition...

I particularly liked the mini rescue squad constructed of foam products made at Tuscarava Plastics in Antioch. The PM & L Nuns representing the play "Do Patent Leather Shoes Really Reflect Up" actually looked cool, as did the clown working the crowd on a motor scooter. The children in the crowd enjoyed seeing the go-karts and mini-cars from Ted's Lawn and Garden Center and my sweet tooth was awakened as the Bernhardt's Bakery display passed before me.

The AARP All Star's Band and Dancers seemed to be enjoying themselves as usual and Mayor Wilton was busy waving to everyone as he walked with the Antioch Rescue Squad volunteers. Tim Wells took one of the hot seats next to the three pretty judges and enjoyed helping them identify all of the entries. As

usual, Adeline Geo-Karis, senator of the 31st Dist. was enjoying her participation in the parade, as was State Rep. Robert Churchill, of the 62nd Dist. There were many faces in

Hometown Goodies

the crowd that I recognized. I saw Barb Marre and her grandchildren, also Judi Rey with her grandkids and her daughter Robin, who is expecting another baby. Howard and Eileen Stann enjoyed the festivities from their lawn chairs and I caught them holding hands before God and everyone. Precinct 8 Committeeman Raymond Schultz and his son, Matthew, enjoyed their brisk walk down Main St., and Bernice Cardis enjoyed being in the parade as her family, John, Pam, Jill, Jessica, Jenny and Johnny Cardis cheered her on.

I enjoyed chit chatting with little Susan and Michael Roman as I cooled my weary bones under a pine tree in front of the village offices. I noticed the following Grass Lake area residents at different intervals throughout the parade, Frank and Joey Nava; Jimmy Schmehl, John Boerman, Darlene and Melissa Olenick, Bob and

Carole Mattson, Amy and Chris Martin, Ryan Jacobson, Peggy Castillo, Michael and Mary Boerman, Nicole Santiemmo, Carrie Hiller, Kathy Harris and Dick Jorgensen.

As the end of the parade drew near, spectators enjoyed a cooling down sprinkling from garden hoses atop the various fire department vehicles. One little boy, whose name escapes me, joined me under the pine tree expressing his displeasure over getting sprinkled.

After the parade, people scattered here, there and everywhere. Many stayed up town to enjoy the other holiday activities at William's Park; others went home to family BBQ's and to cool down in their swimming pools later returning to enjoy the fireworks display from the park. All in all, the Fourth of July proved to be very exciting in Antioch as everyone helped the rescue squad celebrate their 50th Anniversary of community service.

Maxwell Street Days
It is bargain time again in downtown Antioch. The Antioch Chamber of Com-

merce will be sponsoring the annual Maxwell Street Days on July 26, 27, 28 and 29. The approximate hours will be from 9 a.m. to 5 p.m. There will be various forms of entertainment throughout the town and a carnival is in the works for your added enjoyment in between shopping. It is a good opportunity to purchase a few back to school clothes and some other school supplies. Weather permitting many merchants will be displaying some of their wares out in front of their individual places of business.

Garage Sales

This weekend Forbrich's subdivision will be conducting their annual community garage sales. Forbrich's subdivision is located off of Grass Lake Rd. and Bluff Lake Rd. in Antioch. There will be several homes along Bluff Lake Rd. and Elime Rds. participating in this area garage sale. So, if you like garage sales, circle the dates July 20, 21 and 22 on your calendars and look for the big garage sale ad in the paper for more particulars. I especially enjoy group sales of this nature as you can park your car in a central location as you shop the various homes participating, for those reasonably priced treasures.

Fun at Kristof's

Kristof's Entertainment Center on Rollins Rd. in Round Lake was packed in-

side and out on Monday, July 9 during Lakeland Press's family evening of fun. Lakeland workers were on hand to pass out over 1,000 coupons for free miniature golf games, go-kart rides, bowling games, and turns in the batting cages.

In between waiting for a turn to utilize the coupons, people were trying their luck at the various video games. When the sun went down the different colored lights went on in the miniature golf area producing a truly beautiful sight to see. After my son, Jim, daughter, Donna, and I finished playing skee ball and knock down the clown's teeth, we ended up with about 140 tickets to cash in at the prize counters. We came home with a new back scratcher, little colorful rubber balls for the pool, and some key chains. All in all, Lakeland's family night at Kristof's was a lot of fun and obviously a huge success. It also presented "The Lizard" with an opportunity to meet some of the people at Lakeland Newspapers for the first time.

Hi People

Haven't said hi to people in a long time so here goes: Hi, Rose Simpson, Rudy Kubica, Doris Samson, John Steitz, Frank Walsh, Ernie Okrezsick, Lou Belz, Mary Bicanic, Irene Chetebok and Ginny Charvat. Now you all owe me a tid-bit or two.

Auction items

Items to be auctioned off at the Rescue Squad Auction next Sunday are currently being displayed at the State Bank of Antioch and also the First National Bank of Antioch.

Antioch helps keep the pulse beating another 50 years

Antioch Rescue Squad will be holding its 10th annual Rescue Squad Auction on Sunday, Aug. 5, between 11 a.m.-5 p.m. at Williams Park.

Auctioneer Herman Behn, will auction off four cars, a Hovercraft, and many other items that have been donated by local businesses. The items being auctioned off are currently on display at the State Bank of Antioch and the First National Bank of Antioch.

Celebrating its 50th anniversary, the rescue squad will be auctioning off the first 10 commemorative plates of the anniversary series, which will eventually be a collectors item. However, this will be the last year for the commemorative plate collection.

For the past 10 years the rescue squad has had 300 commemorative plates made each year, which signify an Antioch site or event. The first 10 of every series have

been auctioned off and the remainder have been sold.

If a resident has bought the complete collection, thus far, they will be able to purchase the anniversary plate for only \$25. The cost of the plate is subject to increase if a complete set was not bought in the past.

The proceeds from the auction will go toward the \$90,000 that the squad is saving to buy a new ambulance and new equipment for the ambulance.

The rescue squad, which was established in 1940, is a non-profit organization solely comprised of volunteers who serve those in need of a medical emergency, sick or injured in the Antioch community. Its only means of support is through donations.

Antioch rescue squad would like to thank all the businesses, over the years, for their donations.

Engagement

Erbe-Anderson

Jarry and Joan Erbe of Caledonia, Wis., have announced the engagement of their daughter, Jill, to Dan Anderson of Kansas City, Mo., the son of Tom and Lori Anderson of Antioch.

The ceremony will take place at St. Johns Lutheran Church in Oak Creek, Wis. on Oct. 27.

The bride-to-be is a graduate of the Univ. of Wisconsin-LaCrosse earning a bachelor's degree in social work. She is employed at Racine County Opportunity Center.

The groom-to-be is a graduate of Carroll College in Waukesha, Wis. earning a bachelor's degree in business and marketing. He is employed as a sales representative from Acme Dock Specialists in Kansas City, Mo.

Jill Erbe and Dan Anderson

Police reports

July 11

Jack Olnhausen, Jr., 26, Antioch, was arrested for driving without a valid driver's license.

Paul Hart, 36, Antioch, was arrested for battery.

July 12

Luis Morales, 23, Antioch, was arrested for disorderly conduct.

Jason Dvorscak, 18, Round Lake, was arrested for possession of alcohol by a minor.

Rico Jimenez, 19, residence unknown, was arrested for possession of alcohol by a minor.

James Nicholson, 17, McHenry, was arrested for the possession of alcohol by a minor.

Mark Willson, 20, Antioch, was arrested for driving with a revoked license.

Century Club plaques

Randy S. Miles (left), president of the State Bank of Antioch and past president of the Antioch Rotary Club, is presented with Century Club plaques by Kay Brown, aquatic director for the Camp Ravenwood YMCA. The plaques were for past service and significant donations of \$100 or more by the Rotary Club and State Bank of Antioch prior to the election of current Rotary President Stan Livermore.

SWCD sets sale

Orders are now being accepted for the Lake County Soil and Water Conservation Dist. (SWCD) annual fish sale. The second sale Sept. 15, will feature Largemouth Bass, 5 to 8 inch; Bluegill, 1 to 2 inch and 3 to 5 inch; and Channel Catfish, 6 to 8 inch and 8 to 10 inch.

Additionally, for those lakes that qualify under Illinois Dept. of Conservation guidelines, Triploid White Amur (Grass Carp) can be ordered for a later delivery. A permit is required to obtain this fish since it's release is regulated into sanctioned water bodies.

Call (708)223-1056 to obtain an order form. Ordering deadline is Sept. 5. The book, Management of Small Lakes and Ponds in Illinois, is an informational booklet of the Illinois Dept. of Conservation publishes, which addresses proper pond management.

There's money to be made in them thar tv hills

Television — electronic shopping mall of the '90s

EDITOR'S NOTE:

This is the final installment of a series exploring whether television reflects society or society reflects what it sees on television. A team of Lakeland writers has explored the different facets of television and its effect on our lives.

by GLORIA DAVIS
Lakeland Newspapers

Television has been a money maker for advertising agencies, vendors of all sizes and shapes, tv actors and actresses, and game show contestants since its inception over 40 years ago.

It took almost 35 years and the advent of cable tv for the retail industry to realize that the greatest salesman ever is sitting in several rooms of most of the homes in the United States, 24 hours a day, seven days a week: the television set.

Of course there are the myriad of spot ads that offer all sorts of wonderful inventions, most of them selling for \$19.95 plus tax and shipping costs. The

latter two will almost always put the item in the \$25 category.

Then we have all those hour-long paid advertisements that first time watchers think are regular programs, that promise to make everyone a millionaire just as the show's sponsor is, that is if you can afford the cost (all the way up to \$800) of the course the sponsor is selling.

With a smattering of smaller television shopping clubs popping up on cable channels, all over the country, the big three have turned the tv screen into a pot of gold.

How else could one article of merchandise be seen by members of 61 million homes in Home Shopping Club's (HSC) case; 34 million households in QVC's case, and 12 million mothers, fathers, kids, etc. in J. C. Penny's case, for a one minute showing? The sales possibilities are mind-boggling!

HSC, the granddaddy of the big three home shopping networks, came on the scene in 1982.

A report in TV Guide says that in 1989, the three major home shopping networks had sales totaling over \$1 billion. The report also says that HSC and QVC have a combine total sales of 1,200,000,000.

Penny's will not reveal tv shopping sales figures, but one could easily see Penny's sales bringing that total figure close to the \$2 billion figure.

A few years ago, television's "60 Minutes" did an investigation of QVC and Teleshop, among other home shopping shows, giving most of them a good recommendation for quality of product, good prices and passably good service at both the buying and returning end of the shopping stick.

The prices on HSC and QVC can be as much as 70 percent off of the suggested retail price. Penny's does some real price cutting on the special "sale-a-thons," but the daily prices are about 20 percent off of the suggested retail price with a grabber tossed in now and then.

At first, this reporter thought that these networks had huge warehouses where all the merchandise offered for sale was stored.

It turns out that for the most part, the shopping clubs make deals with retailers and manufacturers and when the orders come in, they are directed to the individual vendors who pack and ship the merchandise.

In the case of QVC and HSC, some confusion on returns could arise since the merchandise must often be returned to the individual vendor and not the shopping club itself.

With Penny's, returns can go by UPS (the way they came), or for convenience and a shorter time lapse, Penny's tv merchandise can be returned to the nearest Penny's retail or catalog store.

The industry that has probably benefited most from tv home shopping programming is the jewelry industry, with sales of 14 and 18 Karat gold and cubic zirconias closely followed by those of cap de monte porcelain and collectible dolls.

Now, baubles, bangles and beads of all sizes, colors, shapes and values, are available for scrutiny just for dialing the phone and giving a sound credit card number. (Somehow their little computers tell them almost before the credit card account number is entered, whether or not the shopper's credit is any good. And of course, easy time payment plans are available.)

We say scrutiny, since all the big tv shopping shows sell their merchandise with a money-back guarantee understanding.

Lisa Stein, author of the TV Guide report, claims that in 1989, HSC sold jewelry to the tune of \$309 million; QVC gave reports of \$226 million in jewelry sales and J. C. Penny, which has raised the class and price of its merchandise in most departments in the last few years, was happy to let home shopping enthusiasts' purchases in

TV...reflecting Society? Society...reflecting TV?

jewelry add up to a total of 10 percent of Penny's total tv shopping intake, clothing being their big seller at 40 percent of total sales. Penny's will not confirm these figures.

But Penny's spends more tv time hawking their clothing and running very professional fashion shows from morning until night. Penny's also uses famous people to help sell the merchandise.

Who are the big home shopping buyers? According to figures released by the old timer, HSC, 70 percent of HSC's clients are women over 40 with incomes that exceed \$29,000 per year.

Listed among the positive for tv selling is the added convenience for shopping for those who hate malls and also for those who can't get out to go shopping.

Since most of these shopping networks are on 24 hours a day, those who work and only can shop when the stores are usually closed can now shop at anytime of the day and night in the comfort of their own homes without fighting the crowds, looking for a parking place and then trudging for miles, or lugging heavy packages around. P. S., there are not too many pick-pockets or purse thieves to threaten home shoppers in their living rooms.

On the negative side, reports are that it's just too easy to pick-up that credit card and order and many veteran tv shoppers have shopped their way right into bankruptcy court.

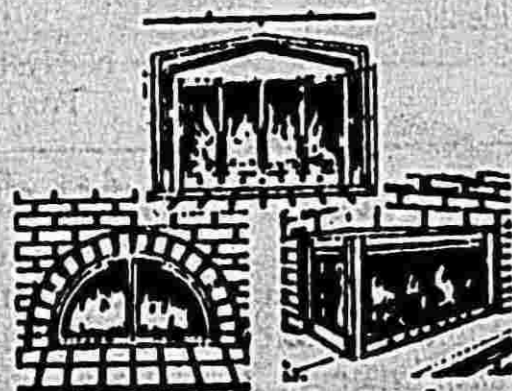

Since credit cards are the most popular way of paying for tv merchandise, one can get into a big hassle trying to have a purchase item taken off of that credit card.

Remember, if it is on the card for two months, etc., as often happens, the credit card holder is paying interest on an item that is being returned.

So beware, think before you dial that 800 number, that is unless you're planning to buy that diamond tennis bracelet for me. Now that home shopping networks offer everything from designer clothes to a trip to the Caribbean, if you really feel you must get me that trip to Jamaica, I'll be forced to accept in order not to hurt your feelings.

Fast growing agency

Better reporting and growing interest in adoption are two reasons why the Illinois Dept. of Children and Family Services (DCFS) is one of the fastest-growing agencies in state government.

Last fiscal year, 102,267 children were reported as abused or neglected, more than 2.7 times the 37,476 reported cases in fiscal 1980. There were 819 adoptions consummated in Illinois last fiscal year, up 72.4 percent above the 475 adoptions 10 years ago. Nearly 75 percent of all adoptions have been assisted by state

subsidies with the department now spending in excess of \$10.7 million per year as compared to \$3.3 million 10 years ago.

DCFS spending for 1989 was \$341.6 million, more than 2.2 times that of 1980. Last year, DCFS ranked seventh among state agencies in terms of general spending.

Even with its rapid growth, just about no one regards the Dept. of Children and Family Services as money not well spent.

Politically Speaking

by JOSEPH SOULAK
Lakeland Newspapers

POLITICS AND CORN—After 10 years the Republican party in Wauconda Twp. is one big, happy family—almost.

Howard Bieze, founder and leading spokesman for the Wauconda Twp. Republican Club, is about to become a full-fledged member of the mainstream Wauconda Republican Assn. It will happen at the August meeting when he is welcomed aboard by the other GOP regulars.

Members of that group, mostly committeemen, have agreed to help run this year's Wauconda Family Cornfest on Bieze's farm at Callahan and Gilmer Rds. The annual event, which has been Bieze's baby all these years, will be Saturday, Aug. 18, from 10 a.m. to 5 p.m. There is always corn, horseshoes, beer, brats and politicians, but no speeches. The price is right, too, \$.55.

Unlike past years, the profits will not be donated to local causes. Some \$200 will go to the GOP club for expenses. The rest is for the campaign kitty of Dist. 6 County Board candidates Robert Grever of Lake Zurich and Colin McRae of Mundelein.

"I and others have begun to realize the party is bigger than the person," Bieze said.

There might be a reason for this political maneuvering. Bieze is a member of the Wauconda Twp. Fire Dist. and Community Development Program. Those jobs, thanks to retiring County Board members Bruce Hansen of Lake Zurich and John Reindl of Mundelein, will soon be up for reappointment. Since Hansen and Reindl won't be around, Bieze wants to make sure he is.

All of which leaves Republican precinct committeeman William "Bill" Whiteley as the lone independent in Wauconda politics. Whiteley has long maintained he wants to be the peacemaker in township politics.

WHERE ARE GOLFERS?—This year's annual Lake County Republican Open golf outing sponsored by the county GOP federation had a less than spectacular turnout.

Held in early July, the Chevy Chase part of the daylong affair on two golf courses was cancelled for lack of interest. Those who spent \$60 for the day together with the \$30 dinner ticket holders ended up at the Antioch Country Club for the evening.

But even that turnout of 200 was not like past years. Some committeemen said they did not get the usual tickets in the mail or telephone reminder.

STAYING POWER—Don't count Rich Witney down or out. The Libertyville Twp. Republican precinct committeeman was fired

from his job with the Lake County Sheriff's Dept. for coming to work one morning with alcohol on his breath and berating employees. He was in charge of a work release program where prisoners spend their day on the job and night in jail.

Friends say that if Witney worked for any other county department—highway, social services, forest preserve, etc.—he would have been sent home for the day and no one would have said anything.

But Sheriff Clinton Grinnell doesn't like nonsense. Neither does he like the adverse publicity this brings to his otherwise professional department.

Witney has many things going for him. Before entering police work in Evanston and advancing to the sheriff's department he made a few bucks selling real estate timeshares. His mother also takes good care of him and he does the same for her. He also is a proven laborer in the GOP vineyard.

Witney loves politics and police work. He may have enough friends in the right places to find him a job that combines both.

A person who uses the endorsement and photo of President George Bush in his spring committeeman campaign literature must have some friends he can call on.

COMING EVENTS: Friday, July 20—Reception for Sheriff Clinton Grinnell, Country Squire, Grayslake, 5 to 8 p.m. Tickets at \$25 for hors d'oeuvres and cash bar available by calling Cathy at (708) 244-7337. **Monday, July 23**—Reception, buffet, open bar for gubernatorial candidate James Edgar at Maravella's restaurant, Fox Lake. For \$50 tickets call Mike Haley at (708) 395-0866 or Jack Diamond at (708) 623-2600. **Saturday, Aug. 18**—Annual Wauconda GOP Family Cornfest, this year honoring County Board candidates-elect Robert Grever and Colin McRae. At Howard Bieze farm, Gilmer and Callahan Rds., Wauconda. For \$5 donation get hot roasted buttered corn, beer, pop, brats and hot dogs. Tickets at Main St. Cafe, Wauconda, Tom's Tap-A-Barrel or Elliott's Grand Hotel. **Tuesday, Aug. 21**—Fundraiser for Republican county clerk candidate Paul Chung of Barrington at Meadows 21 restaurant, 1760 N. Milwaukee Ave., Libertyville, 6 to 8 p.m. with Lt. Gov. George Ryan as special guest. For \$25 tickets that entitle holder to hors d'oeuvres and cash bar call (708) 381-4303. **Sunday, Aug. 26**—Annual Lake County Republican Party family picnic on Serbian Monastery grounds, Third Lake. Details coming. **Wednesday, Aug. 29**—Annual fundraiser of Lake County Treasurer Jack "Red" Anderson at Cubs Cove, Blarney Island, Fox Lake, 3:30 to 8:30 p.m. Tickets available at door for \$15 per person or two for \$25.

Viewpoint

Downsizing OK, but not districts with 1 member

by BILL SCHROEDER

Democrats probably are correct that downsizing the Lake County Board will be a detriment to their party, especially if single member districts are a result of reducing the size of the board as has been recommended by the Lake County Governmental Study Commission II.

Single member districts would splinter Democratic ranks and make it difficult, if not impossible, for blacks and Hispanics to be elected. Another drawback of single member districts: Incumbents would have a tremendous edge as in the case of the Illinois General Assembly where reelection virtually was guaranteed when the single member plan was adopted.

The study commission, headed by Sidney Danoff of Waukegan, who served as chairman of Commission I 10 years ago, recommended reducing the board from 24 to 15. That's a good number—an odd number to prevent ties—and a board of a more manageable size.

I used to favor a larger board on the theory that there is safety in numbers. I've changed my mind because the larger board opens the door to too many incompetents, political amateurs and weak-kneed representatives who never cast a vote until they've checked with one of

the faction leaders. Yes. Smaller is better; a whole lot better.

Dist. 2 Rep. Audrey Nixon of North Chicago, one of two blacks on the board, stated flatly that a 15-member body would eliminate black and Hispanic representation. That would be bad for good government.

The problem is not the number. The problem is single member districts. Why not redistrict into five districts of three members each? This would be a comfortable transition from the current six four-member districts and provide the opportunity for minority representation, much like the time-honored Illinois system that was genius in itself. State government hasn't been the same since minority party representation was eliminated.

Redistricting could be accomplished conveniently along the general lines of the present six districts which pretty well reflect geographic and socio-economic facts. Democrats, blacks and Hispanics wouldn't be shut out of the elective process with five three-member districts.

What a nightmare it would be to carve Lake County into 15 districts.

Letters to the Editor

Open space fraud

Editor:

I am very skeptical over the Conservation Open Space District of Vernon Hills as presented by Pamela Newton. The word, "conservation," denotes land that is environmentally desirable for permanent preservation. Newton said that there could be no guarantee this land would not be sold or used for development by a new administration.

Excuse me for being a "Doubting Thomas," but I find it very difficult to believe that Newton or the majority of the Vernon Hills officials only motive for this district is permanent land preservation although Newton maintains that is their intent.

I urge the taxpayers of Vernon Hills to consider that this new taxing body will be purchasing land for open space with no guarantee that this land will remain open space.

I think taxpayers of other municipalities should be concerned that they don't get a new taxing body for open space with no guarantee.

Raymond L. LaCroix
Grayslake

Simon vs. Martin

Editor:

Paul Simon has consistently supported funding for state and local law enforcement. He is the chief Senate sponsor of a bill to maintain a federal program that matches three federal dollars for every one state and local dollar allocated for law enforcement. He has worked closely with the State Justice Institute to get funds for Illinois law enforcement programs.

Lynn Martin voted three times against increased funding for state and local law enforcement. In 1985, she supported cutting Law Enforcement Discretionary funds from the Treasury-Postal Service appropriations bill. In 1986, she voted for deep cuts in the Commerce-Justice funding bill that sharply reduced law enforcement increase funds. She also opposed an amendment to the 1986 Drug Bill to increase funds for state and local law enforcement grants—and other

programs. She voted against establishing the State Justice Institute.

Simon voted for the Major Fraud Act of 1986 to encourage "Whistle-Blowers." He voted to make money laundering a crime subject to tough forfeiture rules. Martin voted to reduce and eliminate civil and criminal penalties imposed of chief financial officers of corporations involved in Pentagon Fraud; voted to restrict the power of the Defense Department Inspector General, and voted against allowing the Inspector General to suspend and debar contractors found guilty of fraud and abuse. In 1985, she opposed efforts to restrict the "revolving door" practice of former Pentagon officials immediately going to work to defense contractors.

Gene Marris
Lake Villa

Wants driveway variety

Editor:

Why are there only two types of driveways, concrete or asphalt, suggested for Fox Lake when there are other types? There are others that are neat, look good and are less expensive. Also, asphalt needs to be sealed every year or so, again creating expense. In hot weather, the kick-stand on bicycles and motorcycles "sinks" into the soft asphalt. Many people in Fox Lake will not be able to afford asphalt or concrete, what about them? Maybe the village could help by contributing so it would be a joint effort between the village and the homeowner. I don't think it fair that only certain types of driveways would be forced on the residents.

N. Nystrom

Factory outlets offer low window fashion prices

by STEPHANIE ENGLE
Lakeland Newspapers

Outlook Window Fashions, which started as a small shop in 1891, is now a booming five-store network which offers customers an extensive line of window coverings for the lowest prices.

What makes these stores so appealing to the public is that they can get true wholesale prices since two of the stores have factories right on the premises.

"When you eliminate the middle man and get the product right from the

'We try to do a complete look for each window. That means coordinating the window covering with decorative toppers.'—Tom Perkowitz

manufacturer, you get the best deal," said Tom Perkowitz of Outlook.

He explains that factory outlets are the wave of the future because customers can get low prices, plus not have to worry about mailing the product to another state for repair.

"We offer every aspect of our service at our stores. This saves a lot of hassle on the customer's part," Tom explains.

Outlook sells vertical blinds, mini blinds and pleated shades as well as shutters and toppers. They manufacture Premeire brand items although the stores can order other brands.

Perkowitz takes pride in the fact that all the work they do is customized. However, this allows for some strange orders.

"The oddest order I ever got was pastel pink, blue and yellow striped mini-blinds. I thought that was really strange until I realized it was for a baby's room," Tom laughs.

The highest selling items are the vertical

blinds and mini-blinds although toppers and draperies are also popular.

"We try to do a complete look for each window. That means coordinating the window covering with decorative toppers," Tom points out.

Outlook employs two generations of the Perkowitz family. Tom Perkowitz, who started in the business three years ago, says his whole family is currently involved with the business.

"My sister Ginny runs a store in Kenosha and my brother Dave operates one in Palatine," Tom said.

Tom mainly runs the Gurnee location. The other two locations in Mundelein and Round Lake are run by their parents, William and Barb, although Tom is gradually taking over.

"My parents will still be involved with the stores but we want to get to the point that they won't need to come in and help. They can come in only if they want to," Tom explains.

The business was started by Tom's grandfather in 1891 in Evanston. Tom's father and uncle took over and called the store "Perkowitz Brothers". However, Tom's father, William broke away in the 1970s and formed William Perkowitz Designs.

William had worked strictly as a wholesale dealer until his wife Barb suggested opening to the public since there were no real competitors in the area.

Tom says at least half of their business comes from referrals or repeat business.

"We have a lot of customer loyalty because we give them friendly service and a quality product at the lowest price possible," he emphasizes.

As for the future, Tom says he hopes to someday own his own store. But for now, he is content with helping the new factory at the Mundelein store, which opened a few months ago, get off its feet.

For information about any of the five locations of Outlook Window Fashions, call the Gurnee location at (708)623-9400.

BUSINESS BRIEFS

Gurnee

Roger Gatewood, president of Westfield Homes in Gurnee, has been named 1989 Lake County Home Builder of the Year by the Home Builders Assn. of Lake County (HBALC). Recognized for his outstanding achievement in Lake County over the past 10 years, Gatewood was awarded a plaque for his continual service to the Home Builders Assn. Gatewood is past president of HBALC and an active participant in association projects. He is current chairman of the 1990 Tour of Homes.

Lake Zurich

Working World Temporary Service has successfully provided quality temporary employees to McHenry County businesses for the past 10 years from its Crystal Lake office. On July 2, Working World opened its second office in Lake Zurich in order to better serve

the Lake County area. Due to the tremendous demand for temporary employees, Working World has employed hundreds of temporary workers over the years. Local businesses are always in need of temps with good secretarial, bookkeeping and data entry skills. There is also a constant need for assembly workers, fork lift operators and packers. Working World is located at 100 E. Main St., in Lake Zurich.

Now open in the Courtyard of Lake Zurich is Hair Biz II Ltd., featuring the latest haircuts and styles for the entire family. The business has a special "Kid's Room," complete with videos. Hair Biz also does teen spiral perms, any design, as well as Nails by Di, specializing in manicures, pedicures, tip overlays, silk wraps and French manicures. Open seven days a week. For information on any of these services, contact Hair Biz II, Ltd., 1241 Rand Rd., Lake Zurich. (708) 438-3232.

NO COST FOOT SURGERY We'll Help Foot The Bill

If you have medical insurance, your surgery will cost you absolutely nothing.

Don't suffer with bunions and other foot problems. Find out how you can get back on your feet fast—and at no cost!

Laser Beam Technique is the most sophisticated treatment available for problems such as warts, fungus and ingrown toenails, certain calluses and neuromas (nerve tumors). It replaces the surgical scalpel with a concentrated beam of light that penetrates the troubled area.

Advanced Surgi-Care Technique has been proven effective for treating bunions, hammertoes, corns, calluses and heel spurs. This office procedure minimizes pain and speeds recovery. No pins, casts or hospitalization are necessary.

Call Today For Your Free Foot Consultation.

The first step is our no cost** examination.

Bring this coupon with you to your first appointment and there will be no charge for your first examination (excluding X-rays*). If surgery is required, Advanced Podiatry Group will provide the following fee arrangement:

1. For those patients with medical insurance, the entire deductible will be waived.
2. If the patient belongs to an HMO or has no insurance, either a 50% surgical cost reduction will be granted, or a special fee arrangement will be made on an individual basis.

FINANCIAL FOCUS

reported by Brosius D'Arcy

Suppose you own a bond and want to sell it before maturity. It's important to understand how the value of your bond is determined at the time of sale.

The income on a bond remains constant, but interest rates fluctuate, so the only way a bond can remain competitive is by a change in its market value. For example, you might own a bond paying 9 percent. If interest rates rise and bonds similar to yours now pay 10 percent, the market would discount your bond.

Don't let this example suggest that bonds are always sold at a discount. Suppose you buy a \$10,000 bond paying 10 percent, or \$1,000, annually. If interest rates drop to 9 percent, a new investor would receive only \$900 annually on a \$10,000 investment. Why sell your \$1,000 annual income for the same \$10,000? You wouldn't. The market would price your bond at about \$11,000, so the current 9 percent interest on \$11,000 would offer about the same \$1,000 income as your bond pays.

Think of it this way: If a bond is paying more interest than you could get on a new bond, it's worth more than a new bond. If it's paying less than you could get on a new bond, it's worth less than a new bond.

We're working hand in hand with some of the world's best cardiologists.

Thanks to the unique association between Victory Memorial Hospital and St. Luke's Medical Center in Milwaukee, one of the world's most sophisticated diagnostic heart care procedures—the cardiac catheterization—is now available close to home.

Quality heart care begins with a careful and complete study of all the subtle workings of the heart. That's why we have added a state-of-the-art cardiac catheterization lab to the Cardiac Care Program at Victory Memorial. The catheterization procedure is performed by a team of cardiologists from St. Luke's—the acknowledged leader in heart care in the region.

In addition to our advanced diagnostic capabilities, the physicians at Victory Memorial are experienced in the treatment of a wide range of heart conditions. And if a patient develops a condition that requires

surgery or angioplasty, we are prepared to transfer the patient to St. Luke's.

If ever a heart condition demands immediate attention, the emergency department at Victory Memorial is fully trained and equipped to handle almost any cardiac emergency.

For patients who may require it, our rehabilitation and wellness programs are designed to quickly return them to the quality of life

they're accustomed to.

Finally, the people of Lake County have comprehensive heart care close at hand.

If you have any questions about the heart care program that starts with Victory Memorial, ask your doctor. Or, if you don't have a doctor, call us at (708) 360-4101 for a free physician referral or for a brochure describing our program.

Plan for financially secure retirement now

by T. A. GAERTNER

For most individuals that I plan for today, their principal long term financial concern is to provide for a financially secure retirement.

My clients realize that for most of them, the benefits provided by both social security and their company pension/profit sharing plans will not be adequate to support a comfortable retirement. They know they will have to supplement their retirement income with earnings from their personally owned investment portfolio.

The social security system is likely to be severely strained in the years ahead. Today, there are 3.2 workers paying into the system for each current recipient. By the year 2025 there will be only 2.0 workers paying into the system for each recipient.

In addition, we are as a group living longer. In 1980, the average male lived to age 79.2 and the average female to age 83.4. By the year 2010, the male/female life expectancies will be 81.2 and 86.0 respectively.

The combination of longer benefit periods along with fewer people to pay into the system is sure to put a strain on our future social security program.

The second area to consider when planning for retirement, is your company sponsored retirement plan. To the extent possible, we encourage our clients to maximize the use of any well managed, qualified retirement plans offered through their company.

While many of us are covered by company pension/profit sharing retirement plans, the mobile nature of today's work force translates into fewer funds being vested in qualified retirement plans. If you change jobs five times in a 42 year career, you can expect to have accumulated only 50 percent of the funds of an employee that remained at the same company.

The one source of retirement funds that is under your control are your personal investments. Are you saving enough to provide for a financially secure retirement? A qualified financial planner can help you determine the

answer to that question.

Once you determine how much needs to be saved each year, the next question to address is how to invest those savings. Our approach has always been to position our client's investments in such a manner that they can expect reasonable portfolio performance in various economic scenarios. That means a thoughtfully constructed portfolio using asset allocation.

Asset allocation will utilize investments in the four basic asset categories. Depending on one's ages,

goals, resources and risk tolerance, your portfolio should contain some percentage of fixed income securities (CD's, annuities, bond investments, etc.), equity securities (stocks and stock mutual funds), investment real estate (other than your home) and some small portion of high risk/higher return investments such as international stock funds, etc.

Your financial planner can help you determine the proper mix of assets for your individual situation.

Once established, your long term investment portfolio should not be heavily traded. Small annual adjustments to the portfolio are all that should be normally be required.

The earlier that you get started with your retirement planning, the better off you will be when it comes time to retire. If you have not yet formulated a retirement plan, I encourage you to start your planning process today.

Walker Brothers will open 4th restaurant

Walker Brothers Original Pancake House in late fall will open its fourth restaurant in the Chicago area and move its corporate headquarters into the new eatery in the Lincolnshire Corporate Center, Lincolnshire.

Ray Walker, owner, said the restaurant will have the mid-19th century look which is in keeping with the environment of the village of Lincolnshire. The final design was selected after studying nearly 100 country pubs and eating place in England, said Walker. The final design by Knauer, Inc., Highland park, the architect, will be similar to an establishment called The Waggon &

Horses in Beckhampton, England.

The restaurant will also have a number of features not found in its other restaurants in Wilmette, Glenview and Arlington Heights, all northern suburbs of Chicago.

Walker said this will be his first restaurant with an architectural theme and the first that will offer salads and sandwiches. It will also be the first one to offer outdoor service which will be located alongside a multi acre pond adjacent to the restaurant in the 310-acre corporate park.

The restaurant group, known throughout the United States for its pancakes, crepes and

omelettes, will offer four gourmet salads and four sandwiches in addition to its traditional menu.

The 7,100 sq ft restaurant will seat 190 people inside and 40 patrons on the patio to be served by a staff of about 80 people. The parking lot will be able to hold 100 cars carefully hidden from view by

landscaping to be done by The Sam Mormino Corp., Wheeling.

Charles Lamphere, executive vice president of Van Vlissingen and Co., Lincolnshire, developer and manager of the campus, said this quality restaurant fits nicely into the overall food service plan for the three

area Van Vlissingen corporate parks. This is the first restaurant in these corporate campuses.

Walker Brothers Original Pancake House was established in 1960 in Wilmette by Ray Walker's father, Victor, and his uncle, Everett. The two also created a mini chain of 25 Kentucky Fried Chicken outlets and in 1968 sold the pancake business to the franchise firm, Ray Walker

acquired the restaurant in 1974.

The last restaurant opened by Walker was three years ago in Arlington Heights. He said he plans to open a new one about every 30 months.

Walker said he selected the Lincolnshire Corporate Center as a site for this unique establishment because of easy access from the fast growing surrounding suburbs.

Denenberg to step down

After 20 years as founder and president of MDA Scientific, Inc., Byron A. Denenberg has announced his intention to leave the company effective Dec. 31, to pursue personal interests.

Denenberg founded MDA Scientific, Inc. in 1969 as a

manufacturer of toxic gas detection and monitoring products and has led its growth to its present 250 employee size and its current world market leadership position.

Jon O. McAlear has been named to succeed Denenberg as Chief Executive Officer. McAlear is currently executive vice president and chief operating officer, a position he has held for the last four years.

MDA Scientific, Inc. of Lincolnshire is a member of the Environmental Monitoring Div. of Zellweger Uster AG of Uster, Switzerland.

Sales positions filled

Kathy Halverson (left) and Linda Pieroni have joined the sales staff of Glenbrook Realty in Wauconda. Both live in the Wauconda area and bring to their positions previous real estate sales experience.

Film Review

In "Days of Thunder," Tom Cruise may not turn in the kind of award-winning performance he did in "Born On the Fourth of July," but Cruise fans will be pleased with another romantic Cruise adventure.

Acting-wise, Robert Duvall, who plays the race-wise mechanic who teaches Cruise what big time racing is all about, steals Cruise's "thunder."

There are funny moments such as when Cruise is asked about his race-driving experience and he answers that he "watches CNN a lot."

Some of the race scenes, though exciting, seem a little unrealistic, like the scene where the car careens along the wall for a long distance. A bit too much!

We give this one 3.5 out of five for just being another enjoyable movie.

Be There

For the kids -- make sure to see "Timothy and the Timid Dragon" at the Bowen Park Theatre in Goodfellow Hall, Waukegan, on July 20 and 21.

Calling all railroad buffs -- the 20th Century Railroad Club will sponsor a trip on AMTRAK to the Experimental Aircraft Assn.'s Air Show in Oshkosh, Wis. on July 28-29. Call (312)829-4500 for information.

On July 27, teen music will be the feature of the Wednesday summer concerts at the Round Lake Area Park Dist.'s Community Center, from 7 to 8:30 p.m.

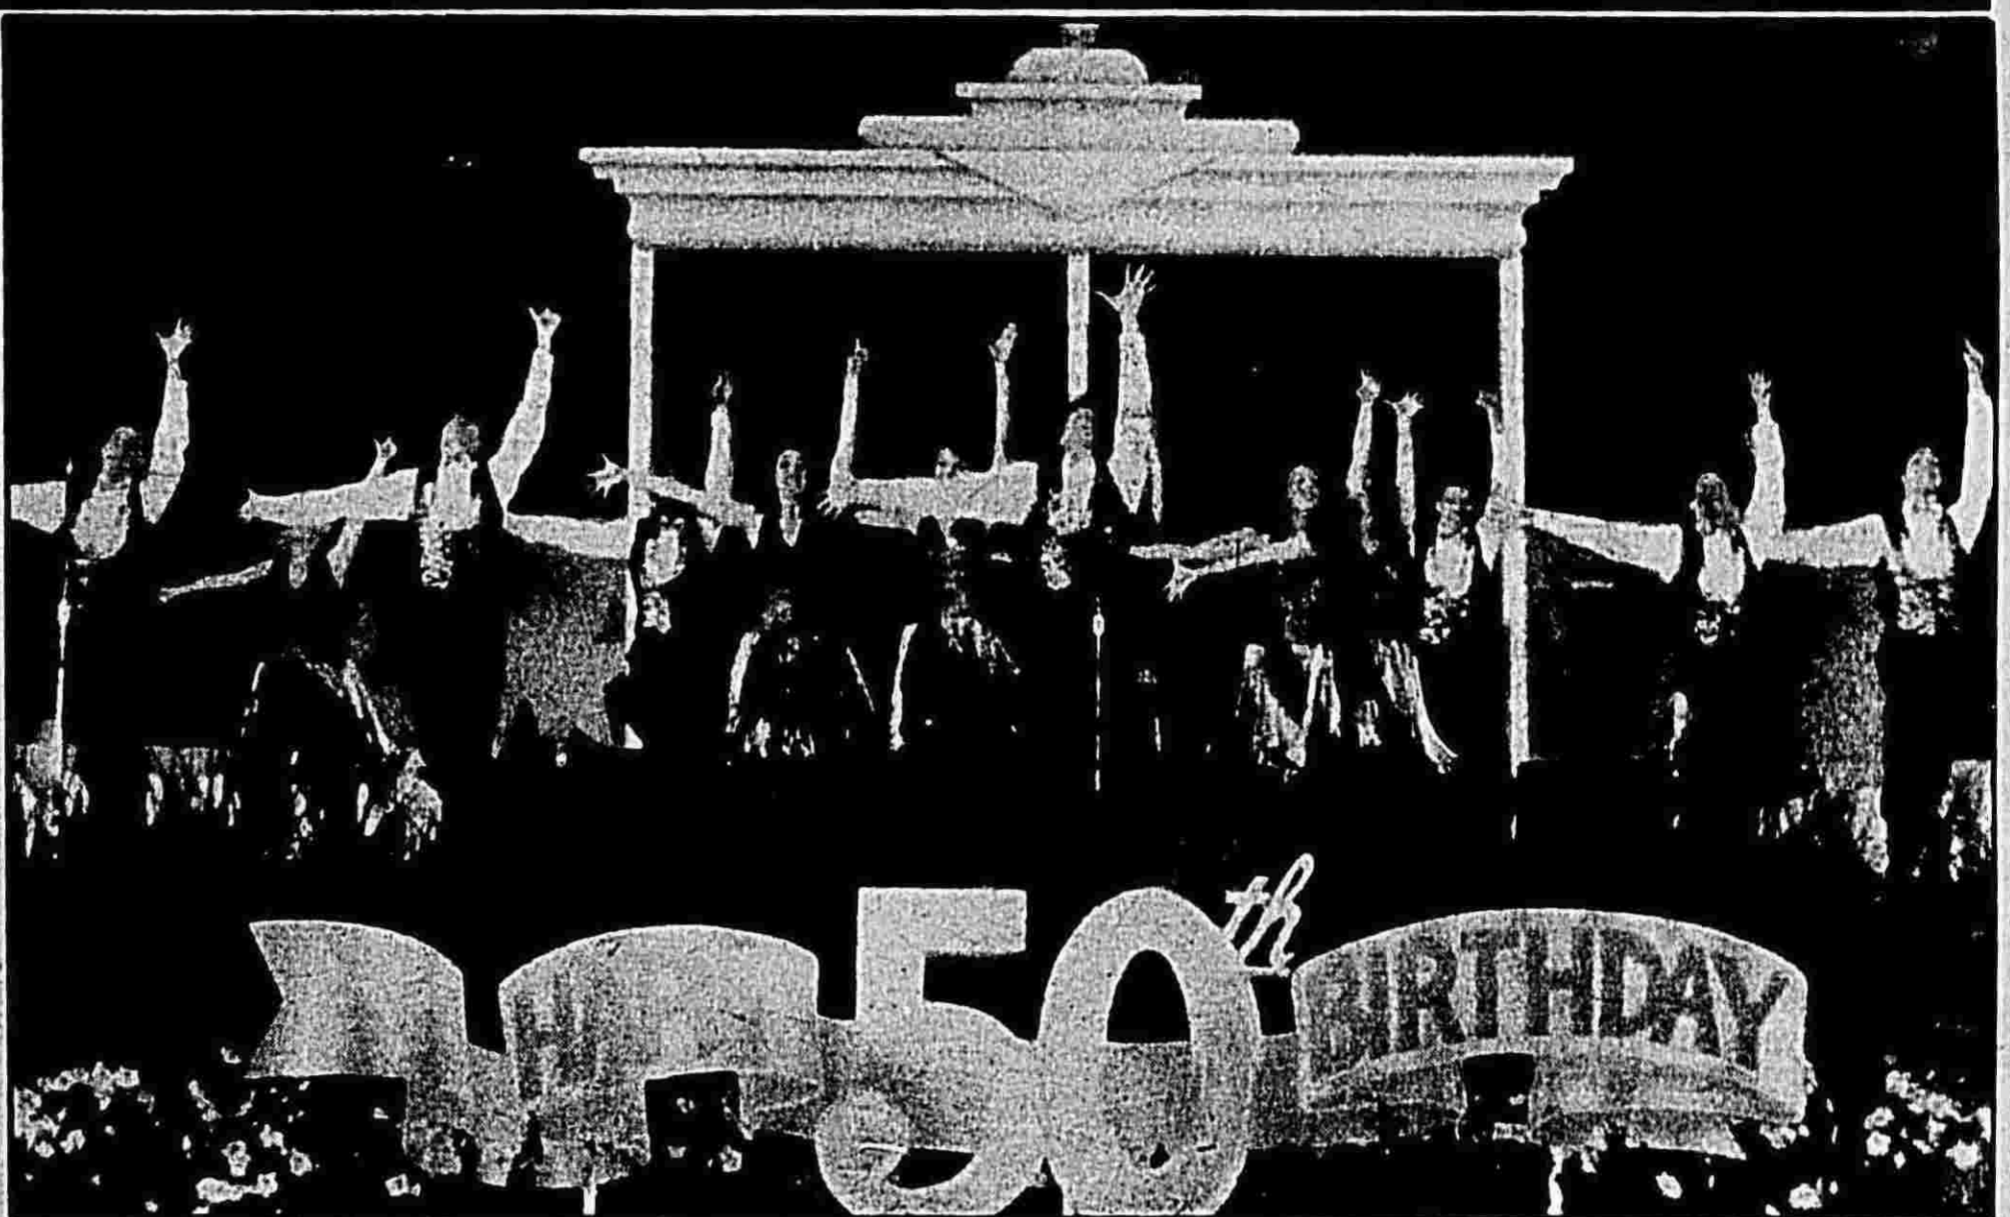

The International Design House XII in Lake Bluff will be open for tours through July 29, Monday and Saturday from 10:30 a.m. to 3 p.m.; Sunday, noon to 4 p.m.; and Tuesday and Thursday from 7 to 9 p.m.

The Jerry Lee Blues Band will be at the Aquarium in Fox Lake this weekend.

Belinda Carlisle will be at Great America this Friday and Be Be & Ce Ce Winans will be there on July 28 along with the Clark Sisters and Commissioned.

At Century park in Vernon Hills, the Jerry Rite Band and Three Dog Night will be featured this Friday, with Deluxury and Bachman Turner Overdrive slated for Saturday, all as part of the Summer Celebration Carnival.

See Patrick Swayze's ("Dirty Dancing") new flick "Ghost". Review next week.

Teens sing, dance at Great America

Young gals and guys, from both Lake and Kenosha counties, are learning what vaudeville was like as they do five shows a day in the Grand Music Hall at Six Flags Great

America. Night show is in conjunction with daily parade saluting the 50th anniversary of the theme park's most popular cartoon character, Bugs Bunny.

They're 'Dancin' in the Streets'

by GLORIA DAVIS
Lakeland Newspapers

Six Flags Great America, one of Lake County's biggest tourist attractions, as well as one of the most popular local entertainment spas, is in the middle of its summer season, with all the special shows continuing to be top draws.

New this year is "Great America on Ice," at the Theatre Royale, Orleans Place. The professional ice show features the grace of ice dancing together with astounding acrobatic finesse.

One of the most popular shows at the theme park, "Dancin' In the Streets," at the Grand Music Hall, Hometown Square, features young aspiring singers and dancers going high-tech in this contemporary rock spectacular. In this one, hot music and dancing is combined with dazzling scenery and special effects.

Three area college students are in "Dancin'." Jessica Boezers of Highland Park, Dan Sklar of Northbrook and Julie Trusky of Kenosha.

Jessica, the daughter of Gerald and Eileen Boezer, is 17 and headed to the University of Cincinnati Music Conservatory this fall, has been singing and dancing all through school.

She has done some professional appearances at Marriott's Lincolnshire Theatre, with the North Lake Players and also at the Apple Tree Theatre.

She has her sights set on being a

professional performer. "Of course we all dream of Broadway, but you never can tell," she adds.

The hustle and bustle of doing five half hour shows a day with a half-hour in between, plus Bugs Bunny's 50th birthday

perform any place if they'll let me."

Other shows that are packing them in at Great America include "The Snowshoe Saloon Revue at Yukon Territory which is full of music, singing, dancing and comedy.

'Of course we all dream of being on Broadway -- you never can tell.'

parade "has taught me a lot about stamina and also how to do it all. It's hard work," she admits.

Dan is 18, the son of Sandra and Stanley Sklar. He will be found at the Oberland Conservatory in Ohio when the fall leaves begin to fall.

Although he dances in the show, he wants to concentrate more on the singing and dramatic aspect of show business.

Dan just won a national forensics championship in San Jose, Calif.

He is also a keyboard player and very interested in electronic music.

Julie is 20, the daughter of Frank and Betty Trusky and a junior at the University of Wisconsin-Madison and a music ed major.

She's not new to performing with other young people, having done a stint with The Kids From Wisconsin. She intends to get a degree and maybe teach but, "I'll

Circus World is a way to experience a circus as never before at the Pictorium Theater in Carousel Plaza.

At the Wilderness Theatre in Yukon Territory, daring world champion divers are astounding audiences with hilarious aquatic comedy.

And don't forget Bugs Bunny's birthday spectacular parade in Hometown Square or his surprise birthday party on the Orleans Gazebo Stage in Orleans Place.

MAINSTREAM

Upholsterer weaves in ballooning as hobby

by DONNA DUNCAN
Lakeland Newspapers

By day, Mary Huntington stitches fabric around sofa cushions in her Lake Zurich upholstery shop. By evening, she hops in a gondola and sails across the countryside, watching treetops float by.

Sitting amid scraps of fabric and spools of thread at Super Stitch on Main St., Huntington, a master upholsterer for 12 years, describes the exhilarating feeling of hot air ballooning.

"It's a oneness with God and nature that can't be captured anywhere else. It's an elation of alertness," she said.

Piloting a balloon takes serious concentration for a fun ride.

"There are so many variables you have to be ready for before you launch and after you're in the air," she said. "All the lines and stripes in a road are mentally ingrained in a pilot's mind to be obeyed," she said.

The 41-year-old got started with ballooning in 1978, when she was invited by a friend to a national competition.

"Back then, it was a gentlemen's sport. I was invited because I was an aviation buff. The Balloon Federation of America was forming an observer corp and I joined," she said.

As an observer, she watched pilots in races for any rule or safety infractions.

Since then, she was hooked.

She bought a 10-year-old balloon for \$8,000 and "gently tests" her piloting skills by competing in races with the Northeastern Illinois Balloon Assn. She is one of 200 members throughout northern Illinois and southern Wisconsin.

Huntington is willing to share her knowledge with others and looks forward to giving tethered rides to visitors at the Island Lake Cornfest Aug. 19. People can ride a "simulated flight" from the balloon, while it is tied to the ground.

While she balloons as much as she can on some evenings and weekends, she balances her sport with the rest of her life.

Like a colorful tapestry, she carefully weaves together her business, ballooning and family. She and her husband, Dr. Donald Trebbien, reside in Lake Zurich with their five-year-old daughter, Lee.

While her husband and some friends accompany her on some flights, he prefers to keep his feet on the ground to play golf instead, she said.

A typical flight lasts one hour, and may cover a 50-mile radius from Fox River

Grove, DuPage County or Rockford. She has also flown in Iowa, Wisconsin, Indiana and Michigan.

Although she loves flying, she still claims to have a fear of heights and will not go in the John Hancock Building or Statue of Liberty.

The oldest of seven children, Huntington

In ballooning, good sportsmanship means to be courteous to landowners, when landing a balloon in their property.

Most of the time, farmers allow her to land, and she thanks them with a small gift — an ID pin, bottle of champagne or a raffle ticket.

"We try to be humble and thankful to

foster the skill of flying. Aviation teaches more than just the skill of flying. It teaches integrity, ability to make decisions and the confidence to take actions," she said.

This winter, she plans to join the Civil Air Patrol, where she hopes to, in some way, be a part of the search and rescue efforts.

Before attempting a flight, she calls the nearest flight center for a weather report. Calm weather is ideal, that's why she flies in the morning or evening.

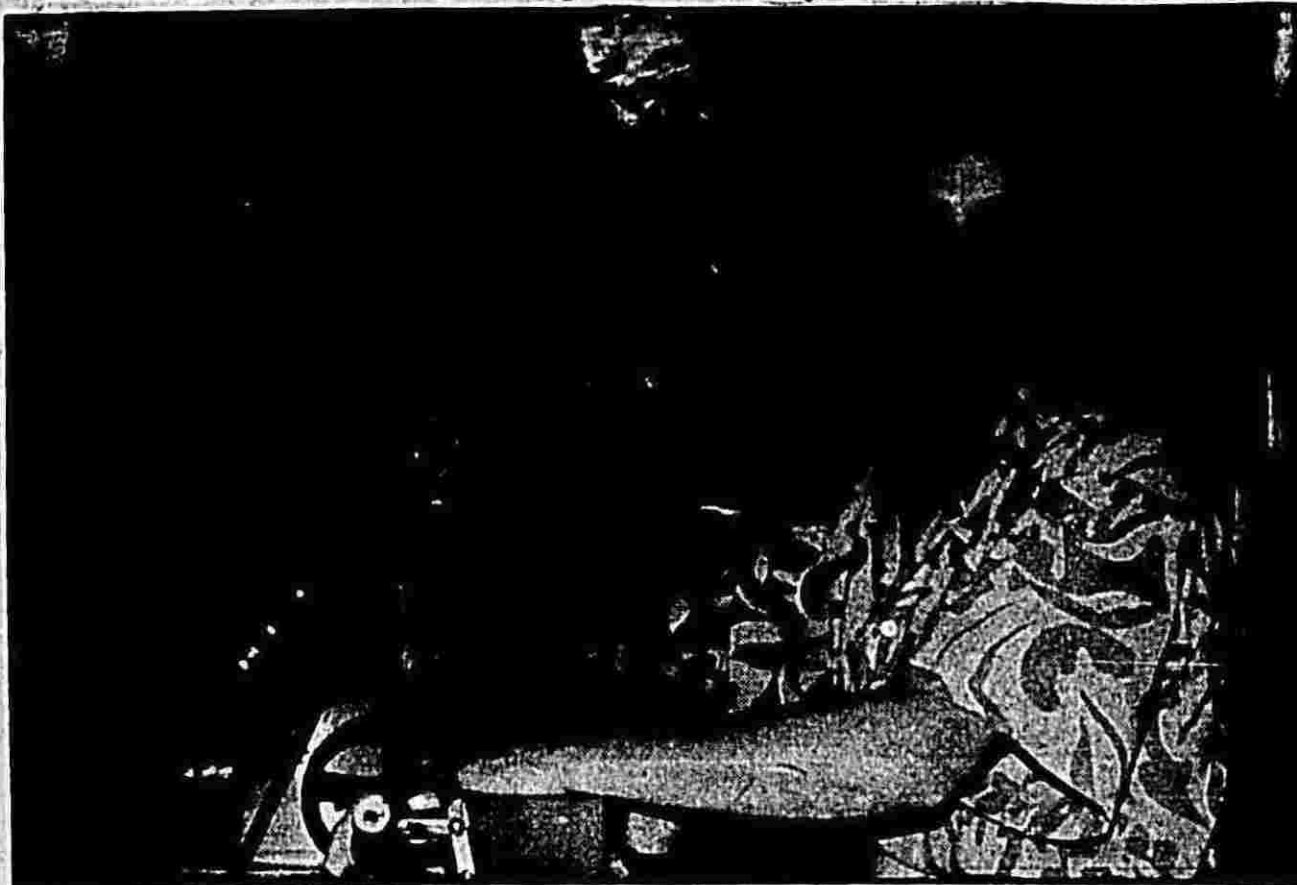

The craftsman has a degree in medical arts because she originally pursued a career in medicine. She decided she did not want to spend the rest of her life in medicine, so she went back to the hand trades.

She has been sewing since the age of 4 and fell in love with embroidery by her Aunt Caroline. At age 12, she was paid for her first sewing job — she sewed four dresses for four sisters.

She apprenticed to an old man for five years and learned the upholstery trade.

She uses her maiden name because she is proud of her roots. She is a descendant of Samuel Huntington, one of the signers of the Declaration of Independence. She is sure of the fact because she researched her ancestry in Girl Scouts as a child.

"It gives me the blood to stand up in the community and events that happen," she said, smiling. "I believe if more kids were in touch with their heritage and followed the examples of heroes, we'd have less bigotry and in-fighting in this society," she said.

Mary Huntington

was influenced to fly from her father, a Wisconsin dairy farmer and insurance executive, who also had a pilot's license.

"My father lied about his age and, at 15, enlisted in World War II, where he flew with Pappy Boynton's Flying Tigers," she said.

"On occasion, we'd go up in a plane together. My Dad was my hero and I always liked flying," she said.

As owner of her own business, she can set her own hours, work deadlines and sewing pace. But as a balloon pilot, she makes quick, objective decisions, while at the mercy of the wind.

"The wind may pick up unexpectedly. Something that looks scruffy on the ground, may contain a beanfield — something you don't want to disturb. Or, a naked pasture may contain mini ponies."

One time, she thought she found a perfect spot to land, but when she hovered at 50 feet from the ground, she saw the telephone company installed stakes in the ground, so she climbed back up again.

"When landing, you step down, slowly," she explained.

landowners," she said.

She is eager to share with others her knowledge not only of ballooning, but of piloting. She is pursuing a commercial license, where she can organize special events in the community.

"I want to demonstrate the craft and

Appoint cuisine group

Barbara Donaldson of Waukegan has been appointed chairman of the 10th Annual Chef Cuisine Benefit for Victory Hospital. Chefs from over 30 of northeast Illinois' best restaurants will offer guests tastes of their favorite recipes at the benefit from 3 to 7 p.m. on Sept. 23 at Bernard Lincoln-Mercury, 3400 Grand, Waukegan

Britain by boat

by JIM WARNKEN, PRESIDENT
NORTH STAR TRAVEL, INC.

No, I'm not talking about a trans-Atlantic crossing aboard the QE2. I'm suggesting a tour of the English countryside by water!

It is a little known fact that the United Kingdom has a 2,000 mile network of narrow canals and small rivers weaving their way through tiny farming hamlets, past friendly pubs, and even an occasional castle. A revival of this method of transportation has taken place in recent years giving the visitor a couple of ways to experience the U.K. much differently than through the windows of a tour bus.

The first method of inland marine transportation is called a "hotel boat." Forget anything even closely resembling an ocean liner. These brightly painted, narrow wooden boats seldom carry more than 10 passengers. The accommodations are basic yet comfortable, with private cabins having hot and cold water, electric lights and a closet. Some, though not all, have private shower and toilet. A well-stocked bar and lounge is standard equipment.

The atmosphere is cozy and informal with guests welcome to help work the many locks and swing bridges. Meals are made from local ingredients with the accent on regional dishes. A typical day would start with early morning tea around 8 a.m. After breakfast in the dining room, the day's cruise begins. Your boat will perhaps moor for lunch at an old canal inn. You will have plenty of time to stroll through the English countryside before casting off again. We must have our afternoon tea with freshly baked cakes (cookies). About 7:30 p.m., we dock for the day and dinner is served. Now let's head for a local English pub for an evening with the locals.

For more adventures, you can charter your own self-skipped canal boat! All include complete kitchen, shower and toilet, electric lighting, radio and TV, and a complete set of maps to point you on your way. You can rent boats sleeping anywhere from two to 10 passengers. They are easy to skipper even with no prior boating experience.

So skip the cramped tour buses and have some real fun touring the United Kingdom!

EYE CARE

News, Views & Questions About Your Eyes

By

Robert L. Epstein, M.D., Director
Illinois Center for Corrective Eye Surgery

QUESTION: How do you identify a diabetic's vision problems?

ANSWER: Diabetics have vision problems because the disease weakens small blood vessels in various parts of the body including those that nourish the retina in the back of the eye. In fact, about 60 percent of people having diabetes for 15 years or more probably have some sort of blood vessel damage in their eyes, though not always severe enough to require any treatment. All diabetics should have regular eye examinations.

First, the ophthalmologist will painlessly examine the eye with an ophthalmoscope and may photograph the eye's interior. To determine the extent of any blood vessel damage noted, a fluorescent dye may be injected into the patient's arm and then photographed at high speed as it passes through the vessels in the eye. This helps determine what treatment, if any, is needed.

Cruisin' down the river Dobyys House specialty

by GLORIA DAVIS
Entertainment Editor

The name Dobyys has been a well-known one in McHenry County since 1937 when Wallace and Helen Carey Dobyys started their antique business in a palatial English colonial style home built in 1928 by Julius Kreg on land that was part of the original landgrant sold for the establishment of the McHenry County Courthouse in 1839.

When Dobyys Antiques closed at the end of 1988, local businessman Chuck Miller purchased the house and the land, and opened the Dobyys House Restaurant, a half block south of Rte. 120, on the west bank of the Fox River, in downtown McHenry.

Dobyys House fine dining specialties include: shrimp de jonghe, marinated artichoke salad, jumbo sauteed frog legs, barbequed Canadian back-ribs, prime rib served with zesty horseradish sauce and the Johnsburger, a half pound burger served with French or English fries and choice of bleu cheese, Swiss and American cheese topping.

The restaurant is open from 5 to 10

p.m. on Monday; 11:30 a.m. to 10 p.m., Tuesday through Thursday; 11:30 a.m. to 11 p.m. on Friday and Saturday and from 1 to 9 p.m. on Sunday.

The Dobyys House offers something new on the Fox River this year: the Dobyys House Restaurant Excursion Boats.

For the first time since 1920, there are now two brand new European canal style boats cruising the river and the Chain O' Lakes.

Twin vessels, the luxury custom-made Flossibelle and the Anna Marie have been sailing from the Dobyys House since May.

A cruise on either vessel is ideal for those who do not own a boat since the two-and-a-half-hour lunch, sightseeing and dinner cruises through the Pistakee Bay area offer passengers a unique opportunity to see the area from a different perspective.

Cruises are available seven days a week, as well as moonlight cruises on Friday and Saturday evenings. Reservations are required so call (815)385-3535 for information. The excursion boat office is open from 9 a.m. to 9 p.m. daily.

From the Wisconsin Dairy Council comes news for consumers who don't want to give up the rich taste of cheese that's made with pride. White Clover Dairy introduces a sublime-tasting alternative: the lowest-fat natural cheeses available.

By taking out only as much fat as our traditional old-world cheesemakers would allow, White Clover is able to offer reduced-fat Cheddar, Colby, Gouda and Farmer cheeses with flavor and texture so good they've been preferred over their full-fat counterparts by consumers in blind taste tests. Yet they've got up to 44 percent less fat!

Impress your friends and family with an hors d'oeuvre that looks and tastes great and only takes minutes to prepare!

Great Gouda pastries

7 oz. cubed reduced fat Gouda cheese (1/2 to 1/4 inch cubes)
1 sheet of Pepperidge Farm puff pastry

Preheat oven to 375 degrees. Allow the puff pastry sheet to thaw, approximately 10 to 25 minutes. Carefully unfold the pastry into one large sheet. Press seams of folds together with fingers, so cheese won't ooze out during cooking.

Place the Gouda cheese cubes in the center of the pastry sheet and fold each long edge over cheese cubes to center,

creating a large rectangle. From outside edges seal lengthwise seam by pinching, making sure there are no thin spots in the pastry dough. Then fold pinched seam over and pinch again to create a tight seal. Do the same for the seams at ends of the rectangle, again making sure the seal is tight.

Place the filled pastry with the sealed edges facing up on an ungreased baking sheet. Bake for 35 to 40 minutes, or until pastry is puffed and golden brown. Cool for 5 to 10 minutes, slice into bite-size pieces and serve.

Serves 4 to 6.

Cheesy pasta

This is a great one for the kids! A healthy cheesy pasta dish that tastes great—is it possible? It is with reduced fat Cheddar cheese!

6 ozs. uncooked spiral pasta
1 Tbl. margarine
1/2 cup diced onion*
1 cup sliced mushrooms*
1/2 tsp. basil*
3 Tbls. flour
1 3/4 cups skim milk
8 ozs. (2 cups grated) reduced fat Cheddar cheese.

*Add vegetables to preference. Season to taste.

Cook pasta as directed on package and set aside. In large skillet, sauté mushrooms, onion and basil in the margarine.

In a 2-cup bowl, make a smooth paste with the flour and a small amount of milk. Add the remaining milk to the flour paste and mix well. Add the milk and flour mixture to the sautéed vegetables. Heat to boiling, stirring constantly. Allow to boil one to two minutes or until thickened, while stirring.

Remove from heat and add the Cheddar cheese. Stir until thoroughly mixed and cheese is melted. Add the pasta and serve.

Makes 4 servings.

What are you swimming in?

Your pool or spa can be a haven for bacteria and wastes. But with proper treatment, you don't have to wonder what you're swimming in.

BioGuard gets the wastes out with Burn Out. An easy-to-use treatment that leaves your pool sparkling, clear and clean - overnight. Burn Out takes care of swimmer wastes and bacteria that your filter and regular chlorination leave behind.

Get BioGuard Burn Out. And get the wastes out.

Bring your pool to BioGuard. We make swimming a heavenly experience.

Bring your pool to BioGuard.

Volunteer waste pickup hit with county residents

by BECKY JOHNS
Lakeland Newspapers

With Illinois' yard waste law officially on the books, many area governments have begun mandatory yard waste pickup. Others, like the villages of Fox Lake, Grayslake and Gurnee, have left yard waste disposal at the voluntary control of their residents.

"The driving motive in enacting the law was pressure to preserve landfill space," said Bob VanTholen, general manager of Waste Management of Lake County (WMLC). "All the other benefits of composting were very much secondary."

Waste Management of Lake County handles the refuse programs in many of the areas in the county that have volunteer yard waste disposal programs. With the company's basic subscription service, a customer is permitted two bags, two cans, or two bundles of sticks per week. Price of the program varies between \$4.25-4.75, depending on how far Waste Management has to travel to get there.

"It's cost-saving," said Grayslake's Mayor Marv Smith. "The people that use the service are the ones that pay for it."

Fox Lake decided to have a voluntary pickup system for similar reasons, according to Village Clerk Sue McNally.

"If some people don't have the yard waste, why make them pay for it?" McNally said. "There's so many people where their yard just isn't big enough to generate that much yard waste."

Smith said Waste Management sent a letter to village residents outlining the costs and methods of the program.

"We really haven't had any problems," said Smith.

McNally, who participates in the program herself, said she hasn't had any problems as of yet either.

"It's so new. I haven't heard anything bad," she said. "They pick up the yard waste right on time."

McNally said some residents may not realize that no plastic bags are allowed,

whether included with refuse or kept separately. Only kraft paper bags and 32-gallon garbage cans—with no bags inside—are allowed by Waste Management.

Waste Management's refuse and some of its composting goes to Bristol, Wis., to a Waste Management-owned landfill site. The rest of WMLC's composting goes to

the ARF landfill site off Rte. 83 in Grayslake, which has started a composting facility.

Illinois' now-official yard waste law mandates that no yard waste materials, including grass clippings, sticks and leaves, are to be included in regular garbage disposal.

Wet walk inspection

With rain spattering them, Fox Lake officials tour construction site of expanded sewage treatment works that will serve Fox Lake-Ingleside, Round Lake area, Lakes Region Sanitary Dist. and Lake Villa area. In foreground are Randy Alcorn, resident engineer, left, and Fox Lake Trustee Rich Bayne, sewer and water chairman. Expanded plant will provide for peak flow of 22 1/2 million gallons per day, up from 15 million gallons. Trickling filter system will replace failed RVC technology. System can be expanded 3 million gallons per day at existing site. —Staff photo

July 30 - Aug. 6 petition deadline

The dates for filing nominating petitions for new political parties is rapidly approaching, announced Lake County Clerk Linda Hess. "Back in May we let folks know that the petition packets were available for circulation, and now they must be filed between July 30 and Aug. 6.

"Persons who file those petitions will have their names on the ballot for the

Nov. 6 General Election," said Hess. "Offices to be filled in November are county clerk, treasurer, sheriff, regional superintendent of schools, county board members and NSSD trustees."

All mentioned offices are for four-year terms, except for county board members, which are for two year terms.

If you have any questions call the county clerk's office at (708)360-5928.

Seniors to gather

Members of "The Senior Class," a group of volunteers at Condell Medical Center, extend an invitation to all Lake County seniors, 60 years of age or older, to attend the first program in a series of lectures designed especially for seniors at 12:30 p.m., Thursday, July 26. The free program will be held at First Presbyterian Church, on the corner of West Maple Ave. and Douglas Ave., Libertyville. During the afternoon, refreshments will be served.

The featured speaker is Kathy Jackson, a

Reward offered

John Culotta of Rollins Road Auto Sales is offering a \$500 reward for the return of property stolen from the site at 418 Rollins Rd. in Ingleside on Saturday, July 14.

Culotta said a set of American Racing mag wheels and tires was stolen off of a 1984 Ford Thunderbird. The tires are valued at \$1600.

Also stolen, from a 1982 AMC Spirit, was a Pioneer cassette stereo system, valued at \$100.

Culotta can be reached at (708) 587-4905.

representative from the Senior Health Insurance Program (SHIP) of the Illinois Dept. of Insurance, Springfield. Mary Galo, R.N., Utilization Review; Sherri Cunningham, director of Patient Accounts; and Mary Francoeur, director of Volunteer Services, will also be on the speakers platform to answer questions for senior citizens who find insurance contracts and procedures confusing.

Francoeur is coordinating the SHIP Program through the Consumer Services Dept. She will explain that senior citizens, or the children of senior citizens, who have problems or questions about Medicare or other health insurance can arrange for assistance from one of the SHIP volunteers by making an appointment through the Volunteer Services Office at (708)362-2905, ext. 5275.

In addition, guests will have an opportunity to take "The Health Test," a personalized written assessment to help participants learn how to improve health and well-being while reducing controllable long-term health risks.

Hess wins endorsement

Lake County labor union has announced its endorsement of Linda Hess for reelection as Lake County clerk.

The Port Council of Greater Chicago, an affiliate of the AFL-CIO, unanimously endorsed Hess at its last meeting.

"Your proven record of leadership and accomplishments only lends to your credibility and we know that

as in the past, you will once again represent most admirably, the residents of Lake County as their clerk," Bernard Puchalski, president, wrote in a letter to the candidate.

Hess kicked off her reelection bid with several Fourth of July parades and she has numerous other campaign events planned for the summer.

Denny's rehab complete

by STEVE PETERSON
Lakeland Newspapers

He was playing like the Jack Denny one saw for the first month of the 1989-90 season.

He would cut through the middle, keeping taller players honest, driving to the basket for layups. Or one could see him near half court, directing the offense for the North Shore Scholastic Men's basketball team. Or maybe diving for a loose ball.

Yes, the Lake Zurich graduate has returned to the hardwood since his senior year was cut short.

"I was diving for a loose ball against Cary-Grove," Denny remembered.

Lake Zurich was hoping for a showdown with Round Lake for first place when Denny's ankle gave way at Hampshire High School in December. Denny would watch most of the remainder of the season from the bench, wondering what could be different.

"I didn't push myself. Now it's almost 100 percent," Denny, who wears a brace around his injured ankle, said.

The North Shore team lost all three games at the Prairie State Games in Champaign, but Denny, Antioch's Matt Pelland and Stevenson's Chris Coleman all contributed time and effort.

Pelland, who will be attending University of Wisconsin-Stout this winter, had to guard players four inches taller than his 6-6 frame this weekend. "It makes me work even harder for rebounds. You just box them out and you've got them," Pelland said.

Against Southern, Denny scored on a driving layup to cut the South's margin to 37-26. But it was Coleman who had the bigger first half among the Lake County contingent as he had eight points. South led by nine at halftime. North Shore, led by three Coleman free throws, cut the lead to seven in the second half but the taller Southern squad pulled away to win by 17, 97-80.

Coleman finished with 11 and Denny and Pelland had four each.

Lake Zurich basketball Coach Doug Cook watched his former player twice Saturday and said he played well.

The team's best chance for a victory came during the third and final game against Blue-Gray. The game featured two controversies regarding the shot clock. One happened with :47 seconds to go in the second half when a foul was called but the clock continued to run. But no one knew how much time was left, so the game continued. The next occurred with five seconds left. The clock stayed at five, then was clicked to one during a loose ball. North Shore was given a chance when five seconds were placed on the clock but Blue Gray got the ball out of bounds. The North Shore Gators had one last shot from half-court, but it missed.

Pelland had eight points in that game and had several key rebounds. Coleman had six and Denny three.

"He was playing against guys that were a lot closer to his size," North Shore Coach Bob Williams said of Pelland.

"The kids played real hard but as a team we did not make smart decisions," Williams said of the Blue-Gray game.

"When you step up a level in competition, you can't get away with the individual moves," Williams said.

North Shore trailed by just one, 47-46 at halftime. Fonte Banks ignited the offense in the second half and his basket gave the North Shore a 76-74 lead. But Blue-Gray then outscored the Gators 15-10 down the stretch.

Basketball notebook:

Some 90 players tried out for the North Shore team, leaving Williams, a sophomore coach at Palatine High, with many candidates to choose from. "You have to balance it out between those that are committed to playing here and the talent," he said.

It was old home week in one aspect. Watching the North Shore hoopsters compete in the games was former North Chicago High football Coach Wayne Feidler. His interest was his son, Kenny, who will be attending Texas Christian University next winter. Feidler a Fremd High graduate, scored 19 points against Southern. His production was limited to eight against Blue Gray because he suffered an injury to the mouth and had to have three stitches.

Sports Brief

Two earn letters

Two Lake County residents have won varsity letters for competing with the Knox College track and field team.

John Paul Lui, a Grayslake Community High School graduate, was awarded a letter. Lui, who majored in biology and history at Knox, captured second place in the 100-meter high hurdles and fourth in the 400 meter hurdles at the Division III Illinois State Track and Field meet. At the Midwest Conference meet, he placed eighth in the 100 meter high hurdles and, with a personal best time, placed sixth in the 400 meter hurdles. Lui, son of Mr. and Mrs. Peter Lui, was captain for the team.

John William Samuelson of Lake Villa, a sophomore also won a varsity track and field letter. A graduate of Grayslake High, Samuelson is the son of Mr. and Mrs. Robert Samuelson of Lake Villa.

Gold medal winners

For the sixth straight year, North Shore Scholastic Women won the gold medal at the Prairie State Games in Champaign. Team is coached by Bob Wilhelm of Evanston. Libertyville girls soccer team members who contributed include Alison Marquart, Kim Marshall, Kim Cooper and Johi Seymour.

Craft fair July 21, 22

Seven area residents will be showing their crafts at Mallard Creek Mall's first craft fair.

Kathy Carden and Betty Cavanaugh, both from Antioch, will show their wood, floral and seashell crafts at the fair while Ray Nelsen of McHenry plans to show his hand thrown pottery.

Jack and Babe Vance of Lake Villa will show their wood crafts and Jack and Lillian Fyfe of Grayslake plan to show their wood

and fabric crafts.

The craft fair is scheduled for July 21 and 22. Saturday's hours will be 10 a.m. to 5 p.m. and Sunday's 11 a.m. to 4 p.m.

Mallard Creek is a new shopping mall center complete with an Omni and a Walmart. It is located on the corner of Rte. 83 and Rollins Rd. in Round Lake Beach.

Hospital honors volunteers

The following volunteers have received awards from Good Shepherd Hospital for their volunteer services.

Volunteers from Barrington: Grace Peterson-5,000 hours; Mary Yaney-3,000 hours; LaVerne Coughlin-2,000 hours; Jean Standbridge-1,500 hours; Dorothy Pratt-1,500 hours; Myrtle Klepper-1,500 hours; Louise Bell-1,500 hours; Beth Mayland-100 hours; Alicia Gowney-100 hours; Lorraine Zehr-100 hours; Joyce Lincicome-100 hours; Karen LaVelle-100 hours; and Rowena Douglass-100 hours.

Volunteers from Lake Zurich: Vickie Primrose-6,500 hours; Jenny Nigg-100 hours; and Amy Wilson-100 hours.

Promotions

Lake Villa trustees approved promotions within the police department of Sergeant Joseph Diaguila to Lieutenant, Patrolman Roger Visconti to Sergeant, and Bill Sechovec to Patrolman.

CORNS AND CALLUSES

Corns and calluses are areas on the feet and toes where dead skin cells pile up creating thick, painful growths. Corns are normally found on the tops and sides of the toes, while calluses are found on the soles and heels of the feet. Usually corns and calluses are caused by underlying bone problems which cause excessive irritation.

Conservative treatment of this problem consists of trimming away this excessive skin from the affected areas and applying padding to protect the area while it is healing. This provides temporary relief, however, the problem will eventually return. In most cases, a surgical approach will remove the corns and calluses permanently. This procedure is directed at

correcting the underlying bone problem. If you are suffering from painful corns and calluses, please contact Dr. Lee M. Tisa for a NO COST CONSULTATION to discuss this condition and those treatment options that are available to you.

Hospital awards scholarships

The Lake Forest Hospital Women's Auxiliary has announced the awarding of \$35,000 in scholarships to Lakeland residents who are pursuing careers in health care.

Established in 1952, the A.B. Dick, Jr., Scholarships honor one of the founders and first chairman of the board of Lake Forest Hospital. In granting the awards of \$500 to \$1,500 each, the Auxiliary hopes to encourage and assist promising students interested in entering health-related professions.

This year's recipients are: Catherine Boyle, Michael Putrus, Leslie Schleicher and Dionne Venhorst of Lake Bluff; Heather Celba and Jiji Vlahannan of Vernon Hills; Shannon Pittenger and Angela Ziccarelli of Libertyville; Youngin Choi, Kristen Manley and Sandra Tarr of Gurnee; Donna Frigo and Regina Skowronek of Highwood; Donna Boyer, Jeanne Hladish, Carolyn Kasper, Christine Kolak, Kyong Nam, Aftab Patni and Sandra Starnes of Waukegan; Dawn Marie Pye of Winthrop Harbor; Kimberly Redmond and Kathryn Starzec of Grayslake; Lynn Guengerich, Jonathan Mathwig and Jennifer Stevenson of Mundelein; Jennifer Gawron of Wildwood; Julie Gutke and Mary Major of Lindenhurst; Marie Rollene of Lake Villa; Renee Semasko of Ingleside; Joanne Walker of Round Lake Beach; Amy Conley of Palatine; and Brock Holst of Hawthorn Woods. The awardees' field of study include nursing, medicine, pharmacy, physical therapy, medical records and audiology.

The Auxiliary also awards \$5,000 in Marion Warner Hodgkins Scholar-

ships to up to two of the most outstanding of each year's scholarship candidates. The scholarship honors Mimi Hodgkins of Lake Forest, also a hospital founder and first president of

the Women's Auxiliary. This year's Hodgkins award winners are James H. Griffen of Lake Zurich and John B. Simonds of Lake Bluff, both of whom are studying to become physicians.

Action Line by fred bligham

Dear Action Line,

My neighbor recently started a compost pile in the back of his yard. What is he dumping back there? Is it safe?

Worried Neighbor

Dear Worried Neighbor,

There shouldn't be anything to worry about. Composting is the wave of the future in Lake County as yard waste can no longer be dumped in the same places as regular garbage.

The major items going into compost pile are yard waste such as grass clippings and small twigs or branches. Some people are getting their own chippers and

chopping up larger branches into wood chips and this is O.K. also.

In addition, you can also put in kitchen waste, within reason. By this I mean peelings and things like that.

You should *not* compost meat, chemicals or metal.

I checked around with a few villages and the county and there are very few government bodies that are even thinking of regulating compost piles so common sense will be the rule. If you go "over the line" with what you are composting you may get a ticket from the local or county building inspectors, so don't put in that car battery or old refrigerator, they don't "biodegrade" very well.

ACTION LINE is Lakeland Newspapers' way of helping our readers with problems involving government agencies. If you can't get a government agency to respond to your problem, write to ACTION LINE, c/o Lakeland Newspapers, 30 S. Whitney, Grayslake, IL 60030, and let us give it a try.

PUBLIC NOTICE TO BIDDERS

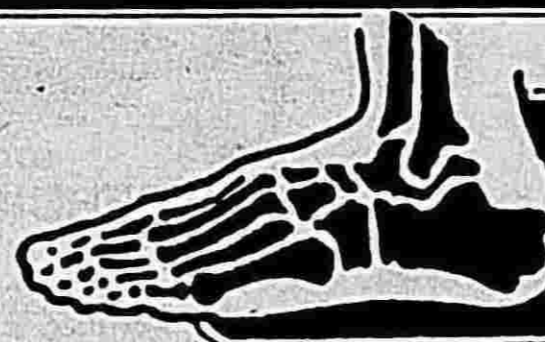

There will be a bid opening on August 2, 1990 at 11:00 A.M., at the office of the City Clerk at 1850 Lewis Avenue, North Chicago, IL 60064, for the following work: the utility improvement for the City of North Chicago Fire Station #2. Plans and proposal forms may be obtained from the consulting engineer: Clorba Group, Inc., 5507 North Cumberland, Chicago, IL 60656. There will be a \$25.00 fee (non-refundable) for plans and contract documents.

790C-737-GEN
July 20, 1990

Seeking applicants

The Lindenfest Committee is still seeking applicants from young ladies between the ages of 16 and 21 for the Miss Lindenhurst Pageant.

The young lady chosen to be Miss Lindenhurst will have the opportunity to receive \$1,000 scholarship in the Lake County Fair and a chance to be eligible for the Illinois County Fair Queen Pageant.
